***Public Health Services (PHS)
Principal Investigator Certification and Assurance
for Proposal Application Submissions Form***

Purpose: The National Institutes of Health issued an update, effective May 10, 2006, informing the grantee community that the signature of the Principal Investigator is no longer required as a part of a submitted application. Instead, a new compliance requirement is now implemented whereby the applicant organization agrees to secure and retain at the organization a written assurance from the Principal Investigator (PI) prior to submitting an application to the PHS. Therefore, this form will be retained in the ORSP for provision, upon request, to the sponsoring agency or other authorized Health and Human Services (HHS) or federal officials.
