

# University of Arkansas at Pine Bluff

## Faculty/Staff Handbook

Policy: **VISION CARE**

Policy #: **12.9**

---

If you are on a regular appointment of 50% or greater, you are eligible to enroll in a separate group vision care plan that covers eye examinations, glasses, and contact lenses. There is a co-pay and some limitations on frames, lenses, and lens coatings. You do not have to be enrolled in the group medical insurance plan to participate in the vision care plan. The University will continue to offer this plan only if there is sufficient enrollment. An eye examination is offered every year under the University's health insurance plan, with a co-pay of \$25.
