UNIVERSITY OF ARKANSAS MEDICAL BENEFIT PLAN

SUMMARY PLAN DESCRIPTION AND PLAN DOCUMENT

INTRODUCTION

The purpose of this document is to provide You and Your covered Dependents, if any, with summary information on benefits available under the UNIVERSITY OF ARKANSAS MEDICAL BENEFIT Plan (The "Plan") as well as information on a Covered Person's rights and obligations under the Plan. As a valued Employee of UNIVERSITY OF ARKANSAS SYSTEM, we are pleased to sponsor this Plan to provide benefits that can help meet Your health care needs. Please read this document carefully and contact Your Human Resources or Personnel office if You have questions.

The President of the UNIVERSITY OF ARKANSAS SYSTEM is named the Plan Administrator for this Plan. The Plan Administrator has designated staff of the UNIVERSITY OF ARKANSAS SYSTEM to act on the President's behalf in plan administration and has retained the services of independent Third Party Administrators to process claims and handle other duties for this self-funded Plan. The Third Party Administrators for this Plan are UMR, Inc. (hereinafter "UMR") for medical claims, and MedImpact Healthcare Systems, Inc. for pharmacy claims. The Third Party Administrators do not assume liability for benefits payable under this Plan, as they are solely claims paying agents for the Plan Administrator.

The Plan is self-funded by participating campuses of the UNIVERSITY OF ARKANSAS SYSTEM through monies set aside for the purpose of paying Your and Your dependent's medical care; however, Employees help cover some of the costs of covered benefits through contributions, Deductibles, out-of-pocket, and Plan Participation amounts as described in the Schedule of Benefits.

Some of the terms used in this document begin with a capital letter, even though the term normally would not be capitalized. These terms have special meaning under the Plan. Most terms will be listed in the Glossary of Terms, but some terms are defined within the provision where the term is used. Becoming familiar with the terms defined in the Glossary will help to better understand the provisions of this Plan.

Individuals covered under this Plan will be receiving an identification card to present to the provider whenever services are received. On the back of this card are phone numbers to call in case of questions or problems.

This document provides information on the benefits and limitations of the Plan and will serve as the SPD and Plan document. Therefore it will be referred to as both the Summary Plan Description ("SPD") and Plan Document.

This document becomes effective on January 1, 2013.

OUT-OF-POCKET EXPENSES AND MAXIMUMS

Benefit Plan(s) Classic Non-SmartCare

CO-PAYS

A Co-pay is the amount that the Covered Person must pay to the provider each time certain services are received. Co-pays do not apply toward satisfaction of Deductibles. Co-pays apply toward satisfaction of in-network and out-of-network out-of-pocket maximums. The Co-pay and out-of-pocket maximum are shown on the Schedule of Benefits.

DEDUCTIBLES

Deductible refers to an amount of money paid once a Plan Year by the Covered Person before any Covered Expenses are paid by this Plan. A Deductible applies to each Covered Person up to a family Deductible limit. When a new Plan Year begins, a new Deductible must be satisfied.

Deductible amounts are shown on the Schedule of Benefits.

Pharmacy expenses do not count toward meeting the Deductible of this Plan. The Deductible amounts that the Covered Person incurs for Covered Expenses will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at an in-network provider will apply to the in-network total individual and family Deductible. The Deductible amounts that the Covered Person incurs at an out-of-network provider will apply to the in-network and out-of-network total individual and family Deductible. This does not apply to the separate Temporomandibular Joint Disorder (TMJ) Deductible**.**

If You have family coverage, any combination of covered family members can help meet the maximum family Deductible, up to each person's individual Deductible amount.

All Covered Expenses which are Incurred during the last three months of a Plan Year and applied toward satisfaction of the individual and family Deductible for that year, will also be applied toward the individual and family Deductible requirement for the next Plan Year. This does not apply to the separate Temporomandibular Joint Disorder (TMJ) Deductible**.**

PLAN PARTICIPATION

Plan Participation means that, after the Covered Person satisfies the Deductible, the Covered Person and the Plan each pay a percentage of the Covered Expenses until the Covered Person's (or family's, if applicable) annual out-of-pocket maximum is reached. The Plan Participation rate is shown on the Schedule of Benefits. The Covered Person will be responsible for paying copays, coinsurance and deductible up to the annual maximum out of pocket. Once the annual out-of-pocket maximum has been satisfied, the Plan will pay 100% of the Covered Expense for the remainder of the Plan Year.

Any payment for an expense that is not covered under this Plan will be the Covered Person's responsibility.

ANNUAL OUT-OF-POCKET MAXIMUMS

The annual out-of-pocket maximum is shown on the Schedule of Benefits. Amounts the Covered Person incurs for Covered Expenses, such as the Deductible, Co-pays if applicable, and any Plan Participation expense, will be used to satisfy the Covered Person's (or family's, if applicable) annual in-network and out-of-network out-of-pocket maximum(s). The Pharmacy Benefits Manager is MedImpact. Pharmacy expenses that the Covered Person incurs through the prescription drug benefit plan do not apply toward the out-of-pocket maximum of the medical benefit Plan.

The following will not be used to meet the out-of-pocket maximums:

- Penalties, legal fees and interest charged by a provider.
- Expenses for excluded services.
- Any charges above the limits specified elsewhere in this document.
- Co-pays and Participation amounts for Prescription products.
- Any amounts over the Recognized Amount, Usual and Customary amount, Negotiated Rate, or established fee schedule that this Plan pays.

The eligible out-of-pocket expenses that the Covered Person incurs at an in-network provider will apply to the in-network total out-of-pocket maximum. The eligible out-of-pocket expenses that the Covered Person incurs at an out-of-network provider will apply to the out-of-network total out-of-pocket maximum.

Benefit Plan(s) Classic SmartCare, Premier SmartCare

CO-PAYS

A Co-pay is the amount that the Covered Person must pay to the provider each time certain services are received. Co-pays do not apply toward satisfaction of Deductibles. Co-pays apply toward satisfaction of in-network and out-of-network out-of-pocket maximums. The Co-pay and out-of-pocket maximum are shown on the Schedule of Benefits.

DEDUCTIBLES

Deductible refers to an amount of money paid once a Plan Year by the Covered Person before any Covered Expenses are paid by this Plan. A Deductible applies to each Covered Person up to a family Deductible limit. When a new Plan Year begins, a new Deductible must be satisfied.

Deductible amounts are shown on the Schedule of Benefits.

Pharmacy expenses do not count toward meeting the Deductible of this Plan. The Deductible amounts that the Covered Person incurs for Covered Expenses will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at UAMS SmartCare or In-Network benefit levels (whether Incurred at a UAMS SmartCare or In-Network provider) will be used to satisfy the applicable benefit level's total individual and family Deductible. This does not apply to the separate Temporomandibular Joint Disorder (TMJ) Deductible**.**

The Deductible amounts that the Covered Person Incurs at an Out-of-Network provider will apply to the Out-of-Network total individual and family Deductible. This does not apply to the separate Temporomandibular Joint Disorder (TMJ) Deductible**.**

If You have family coverage, any combination of covered family members can help meet the maximum family Deductible, up to each person's individual Deductible amount.

All Covered Expenses which are Incurred during the last three months of a Plan Year and applied toward satisfaction of the individual and family Deductible for that year, will also be applied toward the individual and family Deductible requirement for the next Plan Year. This does not apply to the separate Temporomandibular Joint Disorder (TMJ) Deductible**.**

PLAN PARTICIPATION

Plan Participation means that, after the Covered Person satisfies the Deductible, the Covered Person and the Plan each pay a percentage of the Covered Expenses until the Covered Person's (or family's, if applicable) annual out-of-pocket maximum is reached. The Plan Participation rate is shown on the Schedule of Benefits. The Covered Person will be responsible for paying any remaining charges due to the provider after the Plan has paid its portion of the Covered Expense, subject to the Plan's maximum fee schedule, Negotiated Rate, or Usual and Customary amounts as applicable. Once the annual out-of-pocket maximum has been satisfied, the Plan will pay 100% of the Covered Expense for the remainder of the Plan Year.

Any payment for an expense that is not covered under this Plan will be the Covered Person's responsibility.

ANNUAL OUT-OF-POCKET MAXIMUMS

The annual out-of-pocket maximum is shown on the Schedule of Benefits. Amounts the Covered Person incurs for Covered Expenses, such as the Deductible, Co-pays if applicable, and any Plan Participation expense, will be used to satisfy the Covered Person's (or family's, if applicable) annual in-network and out-of-network out-of-pocket maximum(s). The Pharmacy Benefits Manager is MedImpact. Pharmacy expenses that the Covered Person incurs through the prescription drug benefit plan do not apply toward the out-of-pocket maximum of the medical benefit Plan.

The following will not be used to meet the out-of-pocket maximums:

- Penalties, legal fees and interest charged by a provider.
- Expenses for excluded services.
- Any charges above the limits specified elsewhere in this document.
- Co-pays and Participation amounts for Prescription products.
- Any amounts over the Recognized Amount, Usual and Customary amount, Negotiated Rate, or established fee schedule that this Plan pays.

OUT-OF-POCKET EXPENSES AND MAXIMUMS

Benefit Plan(s) Health Savings Plan and Qualified High Deductible Health Plan

DEDUCTIBLES

A Deductible is an amount of money paid once per Plan Year by the Covered Person before any Covered Expenses are paid by this Plan. A Deductible applies to each Covered Person up to a family Deductible limit. When a new Plan Year begins, a new Deductible must be satisfied.

Deductible amounts are shown on the Schedule of Benefits. Generally, the applicable Deductible must be met before any benefits will be paid under this Plan. However, certain covered benefits may be considered Preventive / Routine Care and paid first dollar.

The Deductible amounts that the Covered Person incurs for Covered Expenses, including covered Pharmacy expenses, will be used to satisfy the Deductible(s) shown on the Schedule of Benefits.

The Deductible amounts that the Covered Person incurs at UAMS SmartCare or In-Network benefit levels (whether Incurred at a UAMS SmartCare or In-Network provider) will be used to satisfy the applicable benefit level's total individual and family Deductible. This does not apply to the separate Temporomandibular Joint Disorder (TMJ) Deductible.

The Deductible amounts that the Covered Person Incurs at an out-of-network provider will apply to the out-of-network total individual and family Deductible. This does not apply to the separate Temporomandibular Joint Disorder (TMJ) Deductible.

PLAN PARTICIPATION

Plan Participation is the percentage of Covered Expenses that the Covered Person is responsible for paying after the Deductible is met. The Covered Person pays this percentage until the Covered Person's (or family's, if applicable) annual out-of-pocket maximum is reached. The Plan Participation rate is shown on the Schedule of Benefits.

Any payment for an expense that is not covered under this Plan will be the Covered Person's responsibility.

ANNUAL OUT-OF-POCKET MAXIMUMS

The annual out-of-pocket maximum is the most the Covered Person pays each year for Covered Expenses. There are separate in-network and out-of-network out-of-pocket maximums for this Plan. Annual out-of-pocket maximums are shown on the Schedule of Benefits. Amounts the Covered Person incurs for Covered Expenses will be used to satisfy the Covered Person's (or family's, if applicable) annual out-of-pocket maximum(s). If the Covered Person's out-of-pocket expenses in a Plan Year exceed the annual out-of-pocket maximum, the Plan pays 100% of Covered Expenses through the end of the Plan Year.

The following will not be used to meet the out-of-pocket maximums:

- Penalties, legal fees, and interest charged by a provider.
- Expenses for excluded services.
- Any charges above the limits specified elsewhere in this document.
- Any amounts over the Recognized Amount, Usual and Customary amount, Negotiated Rate, or established fee schedule that this Plan pays.

The eligible out-of-pocket expenses that the Covered Person incurs at UAMS SmartCare or In-Network benefit levels (whether Incurred at a UAMS SmartCare or In-Network) will be used to satisfy the total in-network out-of-pocket maximum.

The eligible out-of-pocket expenses that the Covered Person Incurs at an out-of-network provider will apply to the out-of-network total out-of-pocket maximums.

1. **University of Arkansas or UA** means the University of Arkansas System.

2. **Eligible Employee** means You are an eligible Employee if You are a full-time Employee of the University or a designated affiliate. A full-time Employee is any Employee who is employed half-time or greater and holds at least a nine month appointment. 3. **Effective Date of Coverage:** The effective date of participation for eligible employees is the first of the following month after completion of enrollment, provided You do so within thirty-one (31) days after the Eligibility Date, and all required documents have been submitted. Under no circumstances can the hire date be the same as the effective date of coverage.

   The only exceptions to first of the following month are divorces, births, adoptions and death, which are effective on the date of the event, when enrollments completed timely. A new spouse's coverage is not effective on the date of the event but is delayed to the first of the following month.

4. **Eligible Retiree** means an Eligible Employee who retires while covered under the Plan and on the date of retirement has age and continuous years of service with the UA equal to at least a total of seventy (70) and immediately prior to retirement has completed ten (10) or more consecutive years of continuous coverage under the Plan or an Eligible Employee who retires while covered under the Plan and on the date of retirement is age 65 or older and immediately prior to retirement: has completed five (5) or more consecutive years of service with the UA and has five (5) or more consecutive year of continuous coverage under the Plan or who has retired under an early retirement agreement approved by THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS. Eligible spouse and dependent participants of an eligible retiree are those eligible participants upon the date of retirement. Enrollment due to loss of other coverage or due to other change events is not available. Eligible retirees who become Medicare-eligible while participating in the University of Arkansas Medical Benefit Plan or who are Medicare-eligible upon retirement will be provided enrollment opportunity in the University of Arkansas-sponsored Group Medicare Advantage (PPO) Plan. Medicare-eligible retirees and Medicare-eligible Dependents of eligible retirees are not eligible to continue in the University of Arkansas Medical Benefit Plan. The plan has the right to request reimbursement of premiums and claims paid for ineligible participants.
    - Certain documents such as marriage certificates, birth certificates or divorce decrees to enroll or make changes for dependents are required to enroll in the Plan. Failure to provide the necessary documentation within the designated timeframe will cause a delay, loss of enrollment, or loss of eligibility.
    - Former spouses are not eligible dependents and therefore not eligible to participate in the plan even if there is a court order requiring the employee to obtain coverage for the former spouse. Note: Retirees and their eligible Dependents who cancel coverage cannot re-enroll at a later date.
    - Incarcerated individuals are not eligible to participate in the Plan.

COBRA CONTINUATION OF COVERAGE

Important: Read this entire provision to understand a Covered Person's COBRA rights and obligations.

The following is a summary of the federal continuation requirements under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended. This summary generally explains COBRA continuation coverage, when it may become available to You and Your family, and what You and Your Dependents need to do to protect the right to receive it. When You become eligible for COBRA, You may also become eligible for other coverage options that may cost less than COBRA continuation coverage. This summary provides a general notice of a Covered Person's rights under COBRA, but is not intended to satisfy all the requirements of federal law. Your employer or the COBRA Administrator will provide additional information to You or Your Dependents as required.

You may have other options available to You when You lose group health coverage. For example, You may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, You may qualify for lower costs on Your monthly premiums and lower out-of-pocket costs. Additionally, You may qualify for a 30-day special enrollment period for another group health plan for which You are eligible (such as a spouse's plan), even if that plan generally does not accept Late Enrollees.

The COBRA Administrator for this Plan is: UMR

INTRODUCTION

Federal law gives certain persons, known as Qualified Beneficiaries (defined below), the right to continue their health care benefits beyond the date that they might otherwise lose coverage. The Qualified Beneficiary must pay the entire cost of the COBRA continuation coverage, plus an administrative fee. In general, a Qualified Beneficiary has the same rights and obligations under the Plan as an active participant.

A Qualified Beneficiary may elect to continue coverage under this Plan if such person's coverage would terminate because of a life event known as a Qualifying Event (outlined below). When a Qualifying Event causes (or will cause) a Loss of Coverage, the Plan must offer COBRA continuation coverage. Loss of Coverage means more than losing coverage entirely. It means that a person ceases to be covered under the same terms and conditions that are in effect immediately before the Qualifying Event. In short, a Qualifying Event plus a Loss of Coverage allows a Qualified Beneficiary the right to elect coverage under COBRA.

Generally, You, Your covered spouse, and Your Dependent Children may be Qualified Beneficiaries and eligible to elect COBRA continuation coverage, even if You or Your Dependent is already covered under another employer-sponsored group health plan or is enrolled in Medicare at the time of the COBRA election.

COBRA CONTINUATION COVERAGE FOR QUALIFIED BENEFICIARIES

The length of COBRA continuation coverage that is offered varies based on who the Qualified Beneficiary is and what **Qualifying Event** is experienced as outlined below.

If You are an Employee, You will become a Qualified Beneficiary if You lose coverage under the Plan because either one of the following Qualifying Events happens:

Qualifying Event	Length of Continuation
• Your employment ends for any reason other than Your gross misconduct	up to 18 months
• Your hours of employment are reduced	up to 18 months

(There are two ways in which this 18-month period of COBRA continuation coverage may be extended. See the section below entitled "The Right to Extend the Length of COBRA Continuation Coverage" for more information.)

The spouse of an Employee will become a Qualified Beneficiary if they lose coverage under the Plan because any one of the following Qualifying Events happens:

Qualifying Event	**Length of Continuation**
• The Employee dies	up to 36 months
• The Employee's hours of employment are reduced	up to 18 months
• The Employee's employment ends for any reason other than their gross misconduct	up to 18 months
• The Employee becomes entitled to Medicare benefits (under Part A, Part B, or both)	up to 36 months
• The Employee and spouse become divorced or legally separated	up to 36 months

The Dependent Children of an Employee will become Qualified Beneficiaries if they lose coverage under the Plan because any one of the following Qualifying Events happens:

Qualifying Event	**Length of Continuation**
• The parent-Employee dies	up to 36 months
• The parent-Employee's employment ends for any reason other than their gross misconduct	up to 18 months
• The parent-Employee's hours of employment are reduced	up to 18 months
• The parent-Employee becomes entitled to Medicare benefits (Part A, Part B, or both)	up to 36 months
• The parents become divorced or legally separated	up to 36 months
• The Child loses eligibility for coverage under the Plan as a Dependent	up to 36 months

COBRA continuation coverage for Retired Employees and their Dependents is described below:

Qualifying Event	**Length of Continuation**
• If You are a Retired Employee and Your coverage is reduced or terminated due to Your Medicare entitlement, and as a result Your Dependent's coverage is also terminated, Your spouse and Dependent Children may also become Qualified Beneficiaries.	up to 36 months
• If You are a Retired Employee and Your employer files bankruptcy under Title 11 of the United States Code, the bankruptcy may be a Qualifying Event. If the bankruptcy results in the Retired Employee's Loss of Coverage under this Plan, then the Retired Employee is a Qualified Beneficiary. The Retired Employee's spouse or surviving spouse and Dependent Children will also be Qualified Beneficiaries if bankruptcy results in their Loss of Coverage under this Plan.	
➢ Retired Employee	Lifetime
➢ Dependents	36 months

Note: A spouse or a Dependent Child newly acquired through birth or adoption during a period of continuation coverage is eligible to be enrolled as a Dependent. The standard enrollment provision of the Plan applies to enrollees during continuation coverage. A Dependent other than a newborn or newly adopted Child who is acquired and enrolled after the original Qualifying Event is not eligible as a Qualified Beneficiary if a subsequent Qualifying Event occurs.

COBRA NOTICE PROCEDURES

THE NOTICE(S) A COVERED PERSON MUST PROVIDE UNDER THIS SUMMARY PLAN DESCRIPTION

In order to be eligible to receive COBRA continuation coverage, covered Employees and their Dependents have certain obligations with respect to certain Qualifying Events (including divorce or legal separation of the Employee and spouse or a Dependent Child's loss of eligibility for coverage as a Dependent) to provide written notices to the administrator. Follow the rules described in this procedure when providing notice to the administrator, whether to Your employer or to the COBRA Administrator.

A Qualified Beneficiary's written notice must include all of the following information (a form for notifying the COBRA Administrator is available upon request):

- The Qualified Beneficiary's name, current address, and complete phone number,
- The group number and the name of the Employee's employer,
- A description of the Qualifying Event (i.e., the life event experienced), and
- The date the Qualifying Event occurred or will occur.

Send all notices or other information required by this Summary Plan Description in writing to:

UMR
COBRA ADMINISTRATION
PO BOX 1206
WAUSAU WI 54402-1206
Phone Number: (800) 207-1824

For purposes of the deadlines described in this Summary Plan Description, the notice must be postmarked by the deadline. In order to protect Your family's rights, the Plan Administrator should be informed of any changes to the addresses of family members. Keep copies of all notices You send to the Plan Administrator or COBRA Administrator.

COBRA NOTICE REQUIREMENTS AND ELECTION PROCESS

EMPLOYER OBLIGATIONS TO PROVIDE NOTICE OF THE QUALIFYING EVENT

Your employer will give notice to the COBRA Administrator when your coverage terminates due to the Employee's termination of employment or reduction in hours, the death of the Employee, or the Employee's becoming entitled to Medicare benefits due to age or disability (Part A, Part B, or both). Your employer will notify the COBRA Administrator within 30 calendar days of when one of these events occurs.

EMPLOYEE OBLIGATIONS TO PROVIDE NOTICE OF THE QUALIFYING EVENT

The Covered Person must give notice to the Plan Administrator in the case of divorce or legal separation of the Employee and a spouse, a Dependent Child ceasing to be eligible for coverage under the Plan, or a second Qualifying Event. The covered Employee or Qualified Beneficiary must provide written notice to the Plan Administrator in order to ensure rights to COBRA continuation coverage. The Covered Person must provide this notice within the 60-calendar-day period that begins on the latest of:

- The date of the Qualifying Event; or
- The date on which there is a Loss of Coverage (or would be a Loss of Coverage) due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of this notice requirement by receiving this Summary Plan Description or the General COBRA Notice.

The Plan Administrator will notify the COBRA Administrator within 30 calendar days from the date that notice of the Qualifying Event has been provided.

The COBRA Administrator will, in turn, provide an election notice to each Qualified Beneficiary within 14 calendar days of receiving notice of a Qualifying Event from the employer, the covered Employee, or the Qualified Beneficiary.

MAKING AN ELECTION TO CONTINUE GROUP HEALTH COVERAGE

Each Qualified Beneficiary has the independent right to elect COBRA continuation coverage. A Qualified Beneficiary will receive a COBRA election form that should be completed in order to elect to continue group health coverage under this Plan. A Qualified Beneficiary may elect COBRA coverage at any time within the 60-day election period. The election period ends 60 calendar days after the later of:

- The date Plan coverage terminates due to a Qualifying Event; or
- The date the Plan Administrator provides the Qualified Beneficiary with an election notice.

A Qualified Beneficiary must notify the COBRA Administrator of their election in writing or via the online portal, if available, or via the online portal, if available, in order to continue group health coverage and must make the required payments when due in order to remain covered. If online election is available, You will receive instructions for online election when Your election notice is provided. If the Qualified Beneficiary does not choose COBRA continuation coverage within the 60-day election period, group health coverage will end on the day of the Qualifying Event.

PAYMENT OF CLAIMS AND DATE COVERAGE BEGINS

No claims will be paid under this Plan for services the Qualified Beneficiary receives on or after the date coverage is lost due to a Qualifying Event. If, however, the Qualified Beneficiary has not completed a waiver and decides to elect COBRA continuation coverage within the 60-day election period, group health coverage will be reinstated retroactively to the date coverage was lost, provided the Qualified Beneficiary makes the required payment when due. Any claims that were denied during the initial COBRA election period will be reprocessed once the COBRA Administrator receives the completed COBRA election form and required payment.

If a Qualified Beneficiary previously waived COBRA coverage but revokes that waiver within the 60-day election period, coverage will not be retroactive to the date of the Qualifying Event but instead will become effective on the date the waiver is revoked.

PAYMENT FOR CONTINUATION COVERAGE

Qualified Beneficiaries are required to pay the entire cost of continuation coverage, which includes both the employer and Employee contributions. This cost may also include a 2% additional fee to cover administrative expenses (or, in the case of the 11-month extension due to disability, a 50% additional fee). The cost of continuation coverage is subject to change at least once per year.

If Your employer offers annual open enrollment opportunities for active Employees, each Qualified Beneficiary will have the same options under COBRA (for example, the right to add or eliminate coverage for Dependents). The cost of continuation coverage will be adjusted accordingly.

The **initial payment** is due no later than 45 calendar days after the Qualified Beneficiary elects COBRA as evidenced by the postmark date on the envelope or, if online election is available, the date Your election is submitted electronically or, if online election is available, the date Your election is submitted electronically. This first payment must cover the cost of continuation coverage from the time coverage under the Plan would have otherwise terminated, up to the time the first payment is made. If the initial payment is not made within the 45-day period, then coverage will remain terminated without the possibility of reinstatement. There is no grace period for the initial payment.

The due date for **subsequent payments** is typically the first day of the month for any particular period of coverage. However, the Qualified Beneficiary will receive specific payment information, including due dates, when the Qualified Beneficiary becomes eligible for and elects COBRA continuation coverage.

If, for whatever reason, any Qualified Beneficiary receives any benefits under the Plan during a month for which the payment was not made on time, the Qualified Beneficiary will be required to reimburse the Plan for the benefits received.

If the COBRA Administrator receives a check that is missing information or contains discrepancies regarding the information on the check (e.g., the numeric dollar amount does not match the written dollar amount), the COBRA Administrator will provide a notice to the Qualified Beneficiary and allow them 14 days to send in a corrected check. If a corrected check is not received within the 14-day timeframe, the occurrence will be treated as non-payment and the Qualified Beneficiary(ies) will lose coverage under the Plan in accordance with the Plan language above.

Note: Payment will not be considered made if a check is returned for non-sufficient funds.

A QUALIFIED BENEFICIARY'S NOTICE OBLIGATIONS WHILE ON COBRA

Always keep the COBRA Administrator informed of the current addresses of all Covered Persons who are or who may become Qualified Beneficiaries. Failure to provide this information to the COBRA Administrator may cause You or Your Dependents to lose important rights under COBRA.

In addition, written notice to the COBRA Administrator is required within 30 calendar days of the date any one of the following events occurs:

- The Qualified Beneficiary marries. Refer to the Special Enrollment Provision section of this SPD for additional information regarding special enrollment rights.

- A Child is born to, adopted by, or Placed for Adoption by a Qualified Beneficiary. Refer to the Special Enrollment Provision section of this SPD for additional information regarding special enrollment rights.

- A final determination is made by the Social Security Administration that a disabled Qualified Beneficiary is no longer disabled.

- Any Qualified Beneficiary becomes covered by another group health plan or enrolls in Medicare Part A or Part B.

Additionally, if the COBRA Administrator or the Plan Administrator requests additional information from the Qualified Beneficiary, the Qualified Beneficiary must provide the requested information within 30 calendar days.

LENGTH OF CONTINUATION COVERAGE

COBRA coverage is available up to the maximum periods described below, subject to all COBRA regulations and the conditions of this Summary Plan Description:

- For Employees and Dependents: 18 months from the Qualifying Event if due to the Employee's termination of employment or reduction of work hours. (If an active Employee enrolls in Medicare before their termination of employment or reduction in hours, then the covered spouse and Dependent Children will be entitled to COBRA continuation coverage for up to the greater of 18 months from the Employee's termination of employment or reduction in hours, or 36 months from the earlier Medicare Enrollment Date, whether or not Medicare enrollment is a Qualifying Event.)

- For Dependents only: 36 months from the Qualifying Event if coverage is lost due to one of the following events:

  - The Employee's death.
  - The Employee's divorce or legal separation.
  - The former Employee's enrollment in Medicare.
  - A Dependent Child's loss of eligibility as a Dependent as defined by the Plan.

- For Retired Employees and Dependents of Retired Employees only: If bankruptcy of the employer is the Qualifying Event that causes Loss of Coverage, the Qualified Beneficiaries may elect COBRA continuation coverage for the following maximum periods, subject to all COBRA regulations. The covered Retired Employee may continue COBRA coverage for the rest of their life. The covered spouse or surviving spouse or the Dependent Child of the covered Retired Employee may continue coverage until the earlier of:

  - The date the Qualified Beneficiary dies; or
  - The date that is 36 months after the death of the covered Retired Employee.

THE RIGHT TO EXTEND THE LENGTH OF COBRA CONTINUATION COVERAGE

While on COBRA continuation coverage, certain Qualified Beneficiaries may have the right to extend continuation coverage provided written notice is given to the COBRA Administrator as soon as possible, but no later than the **required** timeframes stated below.

Social Security Disability Determination (For Employees and Dependents): A Qualified Beneficiary may be granted an 11-month extension to the initial 18-month COBRA continuation period, for a total maximum of 29 months of COBRA, in the event that the Social Security Administration determines the Qualified Beneficiary to be disabled either before becoming eligible for, or within the first 60 days of being covered by, COBRA continuation coverage. This extension will not apply if the original COBRA continuation was for 36 months.

If the Qualified Beneficiary has non-disabled family members who are also Qualified Beneficiaries, those non-disabled family members are also entitled to the disability extension.

The Qualified Beneficiary must give the COBRA Administrator a copy of the Social Security Administration letter of disability determination before the end of the initial 18-month period and within 60 days of the later of:

- The date of the Social Security Administration disability determination;
- The date the Qualifying Event occurs;
- The date the Qualified Beneficiary loses (or would lose) coverage due to the original Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA Administrator of the disability by receiving this Summary Plan Description or the General COBRA Notice.

Note: Premiums may be higher after the initial 18-month period for persons exercising this disability extension provision available under COBRA.

If the Social Security Administration determines the Qualified Beneficiary is no longer disabled, the Qualified Beneficiary must notify the Plan of that fact within 30 days after the Social Security Administration's determination.

Second Qualifying Events (Dependents Only): If Your family experiences another Qualifying Event while receiving 18 months of COBRA continuation coverage, the spouse and Dependent Children in Your family who are Qualified Beneficiaries may receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second event is provided to the COBRA Administrator. This additional coverage may be available to the spouse or Dependent Children who are Qualified Beneficiaries if the Employee or former Employee dies, becomes entitled to Medicare (Part A, Part B or both) or is divorced or legally separated, or if the Dependent Child loses eligibility under the Plan as a Dependent. This extension is available only if the Qualified Beneficiaries were covered under the Plan prior to the original Qualifying Event or in the case of a newborn Child being added as a result of a HIPAA special enrollment right. Dependents acquired during COBRA continuation (other than newborns and newly adopted Children) are not eligible to continue coverage as the result of a subsequent Qualifying Event. These events will lead to the extension only when the event would have caused the spouse or Dependent Child to lose coverage under the Plan had the first Qualifying Event not occurred.

You or Your Dependents must provide the notice of a second Qualifying Event to the COBRA Administrator within a 60-day period that begins to run on the latest of:

- The date of the second Qualifying Event; or
- The date the Qualified Beneficiary loses (or would lose) coverage due to the second Qualifying Event; or
- The date on which the Qualified Beneficiary is informed of the requirement to notify the COBRA Administrator of the second Qualifying Event by receiving this Summary Plan Description or the General COBRA Notice.

COVERAGE OPTIONS OTHER THAN COBRA CONTINUATION COVERAGE

There may be other coverage options for You and Your family through the Health Insurance Marketplace, Medicare, Medicaid, the Children's Health Insurance Program (CHIP), or other group health plan coverage (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

In general, if You do not enroll in Medicare Part A or B when You are first eligible because You are still employed, after the Medicare initial enrollment period You have an eight-month special enrollment period to sign up for Medicare Part A or B, beginning on the earlier of (a) the month after Your employment ends, or (b) the month after group health plan coverage based on current employment ends.

If You do not enroll in Medicare and elect COBRA continuation coverage instead, You may have to pay a Part B late enrollment penalty and You may have a gap in coverage if You decide You want Part B later. If You elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate Your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if You enroll in the other part of Medicare after the date of the election of COBRA coverage. If You are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (as the primary payer) and COBRA continuation coverage will pay second. For more information visit https://www.medicare.gov/medicare-and-you.

EARLY TERMINATION OF COBRA CONTINUATION

COBRA continuation coverage may terminate before the end of the above maximum coverage periods for any of the following reasons:

- The employer ceases to maintain a group health plan for any Employees. (Note that if the employer terminates the group health plan under which the Qualified Beneficiary is covered, but still maintains another group health plan for other, similarly situated Employees, the Qualified Beneficiary will be offered COBRA continuation coverage under the remaining group health plan, although benefits and costs may not be the same.)

- The required contribution for the Qualified Beneficiary's coverage is not paid within the timeframe expressed in the COBRA regulations.

- After electing COBRA continuation coverage, the Qualified Beneficiary becomes entitled to and enrolled in Medicare.

- After electing COBRA continuation coverage, the Qualified Beneficiary becomes covered under another group health plan.

- The Qualified Beneficiary is found not to be disabled during the disability extension. The Plan will terminate the Qualified Beneficiary's COBRA continuation coverage one month after the Social Security Administration makes a determination that the Qualified Beneficiary is no longer disabled.

- Termination for cause, such as submitting fraudulent claims.

SPECIAL NOTICE

If COBRA continuation coverage is elected, the continuation coverage must be maintained (by paying the cost of the coverage) for the duration of the COBRA continuation period. If the continuation coverage is not exhausted and maintained for the duration of the COBRA continuation period, the Qualified Beneficiary will lose their special enrollment rights. It is important to note that losing HIPAA special enrollment rights may have adverse effects for the Qualified Beneficiary since it will make it difficult to obtain coverage, whether group health coverage or insurance coverage through the individual market or the exchange. After COBRA continuation coverage is exhausted, the Qualified Beneficiary will have the option of electing other group health coverage or insurance coverage through the individual market or the exchange, in accordance with their HIPAA special enrollment rights.

DEFINITIONS

Qualified Beneficiary means a person covered by this group health Plan immediately before a Qualifying Event. A Qualified Beneficiary may be an Employee, the spouse of a covered Employee, or the Dependent Child of a covered Employee. This includes a Child who is born to or Placed for Adoption with a covered Employee during the Employee's COBRA coverage period if the Child is enrolled within the Plan's Special Enrollment Provision for newborns and adopted Children. This also includes a Child who was receiving benefits under this Plan pursuant to a Qualified Medical Child Support Order (QMCSO) immediately before the Qualifying Event.

Qualifying Event means Loss of Coverage due to one of the following:

- The death of the covered Employee.

- Voluntary or involuntary termination of the covered Employee's employment (other than for gross misconduct).

- A reduction in work hours of the covered Employee.

- Divorce or legal separation of the covered Employee from the Employee's spouse. (Also, if an Employee terminates coverage for their spouse in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the later divorce or legal separation may be considered a Qualifying Event even though the ex-spouse lost coverage earlier. If the ex-spouse notifies the Plan or the COBRA Administrator in writing within 60 calendar days after the divorce or legal separation and can establish that the coverage was originally eliminated in anticipation of the divorce or legal separation, then COBRA coverage may be available for the period after the divorce or legal separation.)

- The covered former Employee becomes enrolled in Medicare.

- A Dependent Child no longer qualifies as a Dependent as defined by the Plan.

Loss of Coverage means any change in the terms or conditions of coverage in effect immediately before a Qualifying Event. Loss of Coverage includes a change in coverage terms, a change in plans, termination of coverage, partial Loss of Coverage, an increase in Employee cost, and other changes that affect terms or conditions of coverage. Loss of Coverage does not always occur immediately after a Qualifying Event, but must always occur within the applicable 18- or 36-month coverage period. A Loss of Coverage that is not caused by a Qualifying Event may not trigger COBRA rights.

UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT OF 1994

INTRODUCTION

Employers are required to offer COBRA-like health care continuation coverage to persons in the armed service if the absence for military duty would result in loss of coverage as a result of active duty. Employees on leave for military service must be treated like they are on leave of absence and are entitled to any other rights and benefits accorded to similarly situated Employees on leave of absence or furlough. If an employer has different types of benefits available depending on the type of leave of absence, the most favorable comparable leave benefits must apply to Employees on military leave.

COVERAGE

The maximum length of health care continuation coverage required under USERRA is the lesser of:

- 24 months beginning on the day that the Uniformed Service leave begins, or
- a period beginning on the day that the Service leave begins and ending on the day after the Employee fails to return to or reapply for employment within the time allowed by USERRA.

USERRA NOTICE AND ELECTION

An Employee or an appropriate officer of the uniformed service in which his or her service is to be performed must notify the employer that the Employee intends to leave the employment position to perform service in the uniformed services. An Employee should provide notice as far in advance as is reasonable under the circumstances. The Employee is excused from giving notice due to military necessity, or if it is otherwise impossible or unreasonable under all the circumstances.

Upon notice of intent to leave for uniformed services, Employees will be given the opportunity to elect USERRA continuation. Dependents do not have an independent right to elect USERRA coverage. Election, payment and termination of the USERRA extension will be governed by the same requirements set forth under the COBRA Section, to the extent these COBRA requirements do not conflict with USERRA.

PAYMENT

If the military leave orders are for a period of 30 days or less, the Employee is not required to pay more than the amount he or she would have paid as an active Employee. For periods of 31 days or longer, if an Employee elects to continue health coverage pursuant to USERRA, such Employee and covered Dependents will be required to pay up to 102% of the full premium for the coverage elected.

EXTENDED COVERAGE RUNS CONCURRENT

Employees and their Dependents may be eligible for both COBRA and USERRA at the same time. Election of either the COBRA or USERRA extension by an Employee on leave for military service will be deemed an election under both laws, and the coverage offering the most benefit to the Employee will generally be extended. Coverage under both laws will run concurrently. Dependents who choose to independently elect extended coverage will only be deemed eligible for COBRA extension because they are not eligible for a separate, independent right of election under USERRA.

PROTECTION FROM BALANCE BILLING

This section is to be interpreted in accordance with the No Surprises Act, as amended. Covered health care services that are subject to the No Surprises Act requirements will be reimbursed according to this section. Retiree-only plans are not subject to the Protection from Balance Billing requirements.

Emergency health care services provided by an Out-of-Network provider will be reimbursed as set forth under Allowed Amounts below.

Covered health care services provided at certain network facilities by Out-of-Network Physicians, when not Emergency health care services, will be reimbursed as set forth under Allowed Amounts below. For covered health care services that are non-Ancillary Services received at certain network facilities on a non-Emergency basis from Out-of-Network Physicians who have not satisfied the notice and consent criteria, or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below, You are not responsible, and the Out-of-Network provider may not bill You, for amounts in excess of Your Co-pay, Plan Participation, or Deductible, based on the Recognized Amount as defined in this SPD.

Note: You may receive balance bills for post-stabilization services after an Emergency if Your attending Emergency Physician or treating provider determines that You can travel to an In-Network facility using non-medical or non-Emergency transportation but You choose to stay at the Out-of-Network facility, if the notice and consent requirements have been satisfied and the provider or facility acts in compliance with applicable state laws.

For covered health care services that are air Ambulance Transportation services provided by an Out-of-Network provider, You are not responsible, and the Out-of-Network provider may not bill You, for amounts in excess of Your applicable Co-pay, Plan Participation, or Deductible, based on the rates that would have applied if the service had been provided by a network provider and on the Recognized Amount as defined in this SPD.

OUT-OF-NETWORK BENEFITS

When covered health care services are received from an Out-of-Network provider as described below, allowed amounts are determined as follows:

- For non-Emergency covered health care services received at certain network facilities from Out-of-Network Physicians when such services are either Ancillary Services or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the Public Service Act with respect to a visit as defined by the Secretary of Health and Human Services (including non-Ancillary Services that have satisfied the notice and consent criteria but unforeseen, urgent medical needs arise at the time the services are provided), the allowed amount is based on one of the following, in the order listed as applicable:
  - The reimbursement rate as determined by a state All Payer Model Agreement.
  - The reimbursement rate as determined by state law.
  - The initial payment made by the claims administrator, or the amount subsequently agreed to by the Out-of-Network provider and the claims administrator.

  - The initial payment made by the claims administrator, or the amount subsequently agreed to by the Out-of-Network provider and the claims administrator.
  - The amount determined by Independent Dispute Resolution (IDR).

- For air Ambulance Transportation provided by an Out-of-Network provider, the allowed amount is based on one of the following, in the order listed as applicable:
  - The reimbursement rate as determined by a state All Payer Model Agreement.

  - The amount determined by Independent Dispute Resolution (IDR).

IMPORTANT NOTICE: You are not responsible, and an Out-of-Network provider may not bill You, for amounts in excess of Your Co-pay, Plan Participation, or Deductible, based on the rates that would have applied if the service had been provided by a network provider and on the Recognized Amount as defined in this SPD.

After the Plan has issued payment for covered health care services, the Plan may be required to pay the provider an additional amount or discount to resolve and settle the provider’s balance bill.

PROVIDER NETWORK

Applies to all Classic Plans With or Without SmartCare

The word **"Network"** means an outside organization that has contracted with various providers to provide health care services to Covered Persons at a Negotiated Rate. Providers who participate in a Network have agreed to accept the negotiated fees as payment in full, including any portion of the fees that the Covered Person must pay due to the Deductible, Participation amounts or other out-of-pocket expenses. The allowable charges used in the calculation of the payable benefit to participating providers will be determined by the Negotiated Rates in the network contract. A provider who does not participate in a Network may bill Covered Persons for additional fees over and above what the Plan pays.

Knowing which Network a provider belongs to will help a Covered Person to determine how much he or she will need to pay for certain services. To obtain the highest level of benefits under this Plan, Covered Persons need to see a SmartCare or In-Network provider, however this Plan does not limit a Covered Person's right to choose his or her own provider of medical care at his or her own expense if a medical expense is not a Covered Expense under this Plan, or is subject to a limitation or exclusion.

To find out which Network a provider belongs to, please refer to the Provider Directory, or call the toll-free number that is listed on the back of the Plan's identification card. The participation status of providers may change from time to time.

- If a provider belongs to one of the following Networks, claims for Covered Expenses will normally be processed in accordance with the **SmartCare or In-Network** benefit levels that are listed on the Schedule of Benefits:

  Classic with UnitedHealthcare Choice Plus and Smartcare

- For services received from any other provider, claims for Covered Expenses will normally be processed in accordance with the **Out-of-Network** benefit levels that are listed on the Schedule of Benefits. These providers charge their normal rates for services, so Covered Persons may need to pay more. **The Covered Person is responsible for paying the balance of these claims after the Plan pays its portion, if any**.

- **The program for Transplant Services at Designated Transplant Facilities is:**

  OptumHealth

EXCEPTIONS TO THE PROVIDER NETWORK RATES

In addition to services required to be covered as specified under the Protection from Balance Billing section of this SPD, some benefits may be processed at In-Network benefit levels when provided by Out-of-Network providers. When Out-of-Network charges are covered in accordance with Network benefits, the charges may be subject to Plan limitations. The following exceptions may apply:

- Non-air Ambulance Transportation services will be payable at the In-Network level of benefits when provided by an Out-of-Network provider.
- Covered services (including Preventive Services) provided by a radiologist, anesthesiologist, certified registered nurse anesthetist, or pathologist will be payable at the In-Network level of benefits when services are provided at a Network facility or referred by an In-Network Physician, even if the provider is an Out-of-Network provider.

- Covered services provided by a Physician or surgeon during an Inpatient stay will be payable at the In-Network level of benefits when provided at an In-Network Hospital.
- If there is no In-Network provider, or no In-Network provider is willing or able to provide the necessary service(s) to the Covered Person within a 50-mile radius of the Covered Person's residence, the Covered Person may be eligible to receive In-Network benefits from an Out-of-Network provider. In this situation, Your In-Network Physician will notify the claims administrator, who will work with You and Your In-Network Physician to coordinate care through an Out-of-Network provider. Contact UMR Customer Service and they will direct You on how to set up an out-of-network provider exception.

Provider Directory Information

Each covered Employee, those on COBRA, and Children or guardians of Children who are considered alternate recipients under a Qualified Medical Child Support Order, will automatically be given or electronically made available, a separate document, at no cost, that lists the participating Network providers for this Plan. The Employee should share this document with other covered individuals in Your household. If a covered spouse or Dependent wants a separate provider list, they should make a written request to the Plan Administrator. The Plan Administrator may make a reasonable charge to cover the cost of furnishing complete copies to the spouse or other covered Dependents.

TRANSITIONAL CARE

Certain eligible expenses that would have been considered at the In-Network benefit level by the prior Claims Administrator but which are not considered at the In-Network benefit level by the current Claims Administrator may be paid at the applicable In-Network benefit level if the Covered Person is currently under a treatment plan by a Physician who was a member of this Plan's previous Network but who is not a member of the Plan's current Network in the Employee or Dependent's network area. In order to ensure continuity of care for certain medical conditions already under treatment, the In-Network medical plan benefit level may continue for 90 days for conditions approved as transitional care or six months for mental health office services. Examples of medical conditions appropriate for consideration for transitional care include, but are not limited to:

- Cancer if under active treatment with chemotherapy and/or radiation therapy.
- Organ transplant patients if under active treatment (seeing a Physician on a regular basis, on a transplant waiting list, ready at any time for transplant).
- If the Covered Person is Inpatient in a Hospital on the effective date.
- Post-acute Injury or Surgery within the past three months.
- Pregnancy in the second or third trimester and up to eight weeks postpartum.
- Behavioral Health – any previous treatment.

You or Your Dependent must call UMR within 30 days prior to the effective date or within 30 days after the effective date to see if You or Your Dependent are eligible for this benefit.

Routine procedures, treatment for stable chronic conditions, minor Illnesses and elective surgical procedures will not be covered by transitional level benefits.

CONTINUITY OF CARE

You or Your Dependents have the option of requesting extended care from Your current health care provider or facility if the provider or facility is no longer working with Your health Plan and is no longer considered In-Network.

The In-Network benefit level may continue for up to 90 days or until You no longer meet the criteria below, whichever is earlier, despite the fact that these expenses are no longer considered In-Network due to provider or facility termination from the Network. In order to be eligible, You or Your Dependents must have been, and must continue to be, under a treatment plan by a provider or facility who was a member of the participating Network. You must also be one of the following:

- An individual undergoing a course of treatment for a serious and complex condition that is either:
  - An acute Illness, meaning a condition serious enough to require specialized medical care to avoid the reasonable possibility of death or permanent harm.
  - A chronic Illness or condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time.
- An individual undergoing Inpatient or institutional care.
- An individual scheduled for non-elective surgical care, including necessary postoperative care.
- An individual who is pregnant and being treated.
- An individual who is terminally ill and receiving treatment for such Illness by a provider or facility.

To obtain a Continuity of Care form that You and Your provider will need to complete for the request to be considered, call the number on the back of Your ID card or access the benefit portal.

COVERED MEDICAL BENEFITS

This Plan provides coverage for the following covered benefits if services are authorized by a Physician or other Qualified Provider, if applicable, and are necessary for the treatment of an Illness or Injury, subject to any limits, maximums, exclusions, or other Plan provisions shown in this SPD. The Plan does not provide coverage for services if medical evidence shows that treatment is not expected to resolve, improve, or stabilize the Covered Person's condition, or if a plateau has been reached in terms of improvement from such services.

In addition, any diagnosis change for a covered benefit after a payment denial will not be considered for benefits unless the Plan is provided with all pertinent records along with the request for change that justifies the revised diagnosis. Such records must include the history and initial assessment and must reflect the criteria listed in the most recent Diagnostic and Statistical Manual (DSM) for the new diagnosis, or, if in a foreign country, must meet diagnostic criteria established and commonly recognized by the medical community in that region.

1. **3D Mammograms,** for the diagnosis and treatment of a covered medical benefit or for preventive screenings as described under the Preventive / Routine Care Benefits.

2. **Abortions:** If a Physician states in writing that the mother's life would be in danger if the fetus were to be carried to term.

3. **Allergy Treatment** including: injections, testing and serum.

4. **Ambulance Transportation:** Emergency Ambulance Transportation by a licensed ambulance service (ground or air) to an appropriate Hospital where the required Emergency health care services can be performed. Non- Emergency Medically Necessary ground and air transportation by a vehicle designed, equipped, and used only to transport the sick and injured to the nearest medically-appropriate Hospital.

   Coverage for triage, treatment, and transport to an alternative destination if the ambulance service is coordinating the care through telemedicine.

5. **Anesthetics and Their Administration.**

6. **Aquatic Therapy.** (See Therapy Services below.)

   Coverage does not include services or treatment identified elsewhere in the Plan as non-covered or excluded (such as Experimental, Investigational, or Unproven treatment, custodial care, nutritional or dietary supplements, or educational services that should be provided through a school district).

8. **Bariatric Surgical Procedures** are covered with the criteria below:

   - A Body Mass Index (BMI) above 40 kg/m2 without co-morbidity; **or**

DEFINITIONS

The following terms are used for the purpose of the Transplant Benefits section of this SPD. Refer to the Glossary of Terms section of this SPD for additional definitions.

Approved Transplant Services means services and supplies for certified transplants when ordered by a Physician. Such services include, but are not limited to, Hospital charges, Physician charges, organ and tissue procurement, tissue typing and Ancillary Services.

Designated Transplant Facility means a facility which has agreed to provide Approved Transplant Services to Covered Persons pursuant to an agreement with a transplant provider network or rental network with which the Plan has a contract.

Organ and Tissue Acquisition/Procurement means the harvesting, preparation, transportation and the storage of human organ and tissue which is transplanted to a Covered Person. This includes related medical expenses of a living donor.

Stem Cell Transplant includes autologous, allogeneic, and syngeneic transplant of bone marrow and peripheral and cord blood stem cells and may include chimeric antigen receptor T-cell therapy (CAR-T).

BENEFITS

The Plan will pay for Covered Expenses Incurred by a Covered Person at a Designated Transplant Facility due to an Illness or Injury, subject to any Deductibles, Plan Participation amounts, maximums, or limits shown on the Schedule of Benefits. Benefits are based on the Protection from Balance Billing allowed amount, the Usual and Customary charge, or the Plan's Negotiated Rate.

It will be the Covered Person's responsibility to obtain prior authorization for all transplant related services. If prior authorization is not obtained, benefits may not be payable for such services. Benefits may also be subject to reduced levels as outlined in individual Plan provisions. The approved transplant and medical criteria for such transplant must be Medically Necessary for the medical condition for which the transplant is recommended. The medical condition must not be included on individual Plan exclusions.

COVERED EXPENSES

The Plan will pay for Approved Transplant Services at a Designated Transplant Facility for Organ and Tissue Acquisition/Procurement and transplantation, if a Covered Person is the recipient.

If a Covered Person requires a transplant, including bone marrow or Stem Cell Transplant, the cost of Organ and Tissue Acquisition/Procurement from a living human or cadaver will be included as part of the Covered Person’s Covered Expenses when the donor’s own plan does not provide coverage for Organ and Tissue Acquisition/Procurement. This includes the cost of donor testing, blood typing and evaluation to determine if the donor is a suitable match.

The Plan will provide donor services for donor related complications during the transplant period, as per the transplant contract, if the recipient is a Covered Person under this Plan.

Benefits are payable for the following transplants:

- Kidney.
- Kidney/pancreas.
- Pancreas, if the transplant meets the criteria determined by care management.
- Liver.
- Heart.
- Heart/lung.
- Lung.
- Bone marrow or Stem Cell Transplant (allogeneic and autologous) for certain conditions.
- Small bowel.

SECOND OPINION

The Plan will notify the Covered Person if a second opinion is required at any time during the determination of benefits period. If a Covered Person is denied a transplant procedure by transplant facility, the Plan will allow them to go to a second Designated Transplant Facility for evaluation. If the second facility determines, for any reason, that the Covered Person is an unacceptable candidate for the transplant procedure, benefits will not be paid for further transplant related services and supplies, even if a third Designated Transplant Facility accepts the Covered Person for the procedure.

ADDITIONAL PROVISIONS (Applies to a Designated Transplant Facility Only)

TRAVEL EXPENSES (Applies to a Covered Person who is a recipient or to a covered or non-covered donor if the recipient is a Covered Person under this Plan)

If the Covered Person or non-covered living donor lives more than 50 miles from the transplant facility, the Plan will pay for travel and housing, up to the maximum listed on the Schedule of Benefits. Expenses will be paid for the Covered Person and:

Note: This Plan will only pay travel and housing benefits for a non-covered living donor after any other coverage that the living donor has is exhausted.

PRESCRIPTION DRUG BENEFITS

Administered by MedImpact Healthcare Systems, Inc. and EBRx

NOTE: UMR (the claims administrator) does not administer the benefits within this provision. Please contact the Benefit Manager or Your employer with any questions related to this coverage.

The University of Arkansas System uses MedImpact Healthcare Systems, Inc. and UAMS EBRx as the Prescription Benefit Manager (PBM) to administer the Prescription Drug Program for individuals who are covered under the Plan.

You may obtain the Summary of Benefits for the Prescription Drug Program that details covered drugs, exclusions, pre-authorizations, and other programs by going to Your campus human resources' webpage, contacting Your campus human resources' personnel, or by contacting MedImpact Healthcare Systems, Inc. at 800-788-2949 or EBRx at 833-650-0475.

Delivery of High-Cost Medications

The Plan will evaluate prescription services for certain covered high-cost medications and, when significant savings may be achieved, may redirect delivery of the medications through the University's UAMS facilities and providers. When redirected, Plan coverage for the medication will be available only through UAMS, based upon prescription by a UAMS physician located at the UAMS Little Rock, Arkansas campus. Reasonable Member out-of-pocket expenses for prescription related travel to UAMS will be reimbursed by the Plan, and co-payments and facility charges for UAMS physician services and pharmacy services related to the prescription will be waived by the Plan.

Prescription Medication Benefit

With enrollment in the University's Medical Benefit Plan, You will automatically be enrolled in prescription drug coverage. Your contribution to the cost of Your prescription drug coverage is included in the premium You pay for medical coverage. Your prescription drug benefit provides coverage for retail, specialty and mail order prescriptions and medication-related supplies.

Most prescription medications require a fixed copayment (coinsurance in the Health Savings Plan) and You will be required to meet the annual pharmacy deductible before medications are covered with no out-of-pocket cost to You. However, certain preventive drugs and immunizations will be made available to You at no cost.

The pharmacy provider network and pharmacy benefits are administered by MedImpact (MI), the University's Pharmacy Benefits Manager (PBM). Pharmacy Prior Authorization review, Step Therapy, Quantity Limits, and appeals and exceptions are administered through the UAMS EBRx program.

A medication covered in the Classic Plan is also covered in the Premier and Health Savings Plans.

As a convenience, Mail Order and 90-Day Prescription Supplies are available for some medications. Members pay three copayments for 90-day supplies.

Preventive Medicines Under the Affordable Care Act

The Affordable Care Act requires health plans to cover certain items and services, including certain drugs, in-network with no cost sharing. This is true even if You have not met Your deductible (if applicable). Examples of Affordable Care Act preventive items and services include certain vaccines and contraceptives. For a complete list of medications required to be covered under the Affordable Care Act, contact MedImpact customer service. Sometimes, certain preventive items and services that are required to be covered by the Affordable Care Act may be covered by the medical plan instead of the prescription drug plan.

What is Not Covered

The prescription drug plan does not pay benefits for every type of medication, prescription drug, supply, or device and does not provide coverage for medications available without a prescription (OTC). The MedImpact website provides information on medications, supplies, and devices that are covered and excluded from coverage. Visit mp.medimpact.com/uas.

Your Rights to Appeal

You and Your physician have the opportunity to appeal formulary coverage and exclusion decisions as well as Prior Authorization and Step Therapy requirements and decisions. First level requests for appeal or exception should be directed to EBRx. Should Your first level request not be determined in Your favor, You may request a second-level appeal through the University System. In some cases, an opportunity for third level appeal through an independent review organization may be available and the Plan will provide access to that third level review at no cost to You. EBRx will serve as the contact for and will coordinate second and third level appeal or review requests.

UMR CARE: CLINICAL ADVOCACY RELATIONSHIPS TO EMPOWER

UTILIZATION MANAGEMENT

Utilization Management is the process of evaluating whether services, supplies, or treatment is Medically Necessary and the appropriate level of care. Utilization Management can determine Medical Necessity, shorten Hospital stays, improve the quality of care, and reduce costs to the Covered Person and the Plan. The Utilization Management procedures include certain Prior Authorization requirements.

PRIOR AUTHORIZATION / NOTIFICATION REQUIREMENTS

The Prior Authorization / Notification requirements detailed within this section may be deemed satisfied for certain services, providers, and/or facilities meeting specific conditions.

The benefit amounts payable under the Schedule of Benefits of this SPD may be affected if the requirements described for Utilization Management are not satisfied. Generally speaking, Physicians, facilities, and other health care professionals who access a Managed Care UnitedHealthcare Network Provider for a service or procedure are responsible for obtaining Prior Authorization. However, the Covered Person should ensure that the provider completes all required Prior Authorizations before services are rendered. If the Covered Person is not receiving covered health care services from a Managed Care UnitedHealthcare Network Provider, the Covered Person is responsible for ensuring that any required Prior Authorizations are completed before services are received. In that case, the Covered Person is responsible for ensuring the provider calls the phone number on the back of the Plan identification card to request Prior Authorization at least two weeks prior to a scheduled procedure in order to allow for Medical Necessity review as required by the Plan. In addition to the requirement to notify and obtain Prior Authorization of a service or procedure in advance, all admissions to a facility also requires a notification within 24 hours of the admission. If the stay is accessing a Managed Care UnitedHealthcare Network Provider, that facility must provide timely admission Notification (even if advance Notification was provided by the Physician and pre-service coverage approval is on file). If it is not a-Managed Care UnitedHealthcare Network Provider the Covered Person is responsible for ensuring the facility completes that Notification.

Special Notes: A Covered Person who could reasonably expect that the absence of immediate, or Emergency, medical attention would jeopardize the life or long-term health of the individual is responsible for ensuring the provider contacts the Utilization Review Organization as soon as possible by phone or fax within 24 hours, or by the next business day if on a weekend or holiday, from the time coverage information is known. If notice is provided past the timeframe shown above, the extenuating circumstances must be communicated. The Utilization Review Organization will then review the services provided.

This Plan complies with the Newborns' and Mothers' Health Protection Act. Prior Authorization is not required for a Hospital or Birthing Center stay of 48 hours or less following a normal vaginal delivery or 96 hours or less following a Cesarean section. Prior Authorization may be required for a stay beyond 48 hours following a vaginal delivery or 96 hours following a Cesarean section.

When certain medical or prescription expenses exceed or are projected to exceed $75,000 members may be contacted by UMR for referral.

UTILIZATION REVIEW ORGANIZATION

The Utilization Review Organization is: **UMR**

DEFINITIONS

The following terms are used for the purpose of the UMR CARE section of this SPD. Refer to the Glossary of Terms section of this SPD for additional definitions.

Managed Care UnitedHealthcare Network Providers are providers participating in any UnitedHealthcare Network product with the exception of Options PPO.

Prior Authorization / Notification is the process of determining benefit coverage prior to a service being rendered to an individual member. A determination is made based on Medical Necessity criteria for drugs, supplies, tests, procedures, and other services that are appropriate and cost-effective for the member. This member-centric review evaluates the clinical appropriateness of requested services in terms of the type, frequency, extent, and duration of stay. The Prior Authorization / Notification requirements detailed within this section may be deemed satisfied for certain services, providers, and/or facilities meeting specific conditions.

Utilization Management is the evaluation of the Medical Necessity, appropriateness, and efficiency of the use of health care services, procedures, and facilities under the provisions of the applicable health benefits Plan. This management is sometimes called "utilization review." Such assessment may be conducted on a prospective basis (prior to treatment), concurrent basis (during treatment), or retrospective basis (following treatment).

Note that if a Covered Person receives Prior Authorization for one facility, but then is transferred to another facility, Prior Authorization is also needed before going to the new facility, except in the case of an Emergency (see Special Notes above).

PENALTIES FOR NOT OBTAINING PRIOR AUTHORIZATION

A non-Prior Authorization penalty is the amount that must be paid by a Covered Person who does not call for Prior Authorization prior to receiving certain services. A penalty of $250 may be applied to applicable claims if a Covered Person receives services but does not obtain the required Prior Authorization.

The phone number to call for Prior Authorization is listed on the back of the Plan identification card.

The fact that a Covered Person receives Prior Authorization from the Utilization Review Organization does not guarantee that this Plan will pay for the medical care. The Covered Person must be eligible for coverage on the date services are provided. Coverage is also subject to all provisions described in this SPD, including additional information obtained that was not available at the time of the Prior Authorization. The Prior Authorization / Notification requirements detailed within this section may be deemed satisfied for certain services, providers, and/or facilities meeting specific conditions.

Medical Director Oversight. A UMR CARE medical director oversees the concurrent review process. Should a case have unique circumstances that raise questions for the Utilization Management specialist handling the case, the medical director will review the case to determine Medical Necessity using evidence-based clinical criteria.

Complex Condition CARE, Complex Condition CARE +, or GenerationYou CARE Support Referrals. During the Prior Authorization review process, cases are analyzed for a number of criteria used to trigger case-to-case management for review. Complex Condition CARE, Complex Condition CARE +, or GenerationYou CARE Support opportunities are identified by using system-integrated, automated, and manual trigger lists during the Prior Authorization review process. Other trigger points include the following criteria: length of stay, level of care, readmission, and utilization, as well as employer referrals or self-referrals.

The goal of Case Management is to intervene in the process as early as possible to determine the resources necessary to deliver clinical care in the most appropriate care setting.

Retrospective Review. Retrospective review may be conducted upon request or at the Plan's discretion, and a determination will be issued within the required timeframe of the request, unless an extension is approved. Retrospective reviews are performed according to our standard Prior Authorization policies and procedures and a final determination will be made no later than 30 days after the request for review.

CARE PROVISIONS

CARE Cues

CARE Cues features a digital solution for clinical gaps in care, including care for behavioral health and substance use disorder. The CARE Cues program is integrated into a Covered Person's umr.com portal with notifications sent to the Covered Person's email that include next best action education and prompts to close the gap(s) in care.

There are over 150 digital gaps in care, including missed wellness / preventative opportunities, duplicative treatment, treatment disparities, condition management, immunizations, chronic condition drug interactions, and more. The email notifications will be offered to those Covered Persons with viable email addresses on file.

Complex Condition CARE

Complex Condition CARE is available to Employees and their spouses or Domestic Partners enrolled in the Plan. CARE nurse managers evaluate and coordinate post-hospitalization needs for members who have a high probability of subsequent readmission within 30 days. Participants are identified based on historical claim factors and current admission information, including, but not limited to:

- unplanned readmission within the past 30 days or multiple unplanned admissions within the past 6 months.
- length of stay.
- complex diagnoses or comorbidities pertaining to, but not limited to, cancer, cardiovascular conditions, kidney failure, pulmonary conditions or infections, End Stage Renal Disease (ESRD), or liver/pancreas/gastrointestinal surgery.
- management of catastrophic and complex behavioral health and substance use disorders and support for identified members utilizing Inpatient/rehabilitation/residential facilities.

Ongoing Condition CARE

Ongoing Condition CARE identifies those individuals who have certain ongoing conditions and would benefit from this program. Specially trained CARE nurses work telephonically with Covered Persons to help close gaps in care and improve self-management of their condition(s). Program participants are identified through predictive modeling. Our unique approach to Ongoing Condition CARE identifies individuals with one of the following 22 targeted conditions:

- Neuromuscular / Autoimmune Disorders: ALS, Multiple Sclerosis, Myasthenia Gravis, Rheumatoid Arthritis
- Cardiovascular Disorders: Hypertension, Heart Failure, Coronary Artery Disease
- Respiratory Disorders: Asthma, COPD
- Behavioral Health Disorders: Depression and General Anxiety Disorder (GAD is a comorbidity)
- Blood Disorders: HIV, Hepatitis C, Sickle Cell Anemia
- Gastrointestinal Disorders: Ulcerative Colitis, Crohn's Disease
- Oncology: Breast, Prostate, Colorectal, Lung
- Endocrine Disorders: Diabetes (type 1 and type 2)
- Genitourinary Disorders: Chronic Kidney Disease (CKD)

Maternity CARE

Maternity CARE provides pre-pregnancy education and high-risk pregnancy identification to help mothers carry their babies to term. This program increases the number of healthy, full-term deliveries and decreases the cost of long-term hospital stays for both mothers and babies. Program members are contacted by CARE nurses at least once each trimester and once postpartum. This program also offers an educational call and materials specifically to assist the participant's support person.

UMR's pre-pregnancy support program helps women learn about risks and take action to prevent serious and costly medical complications before they become pregnant. Women with pre-existing health conditions, such as diabetes and high blood pressure, face risks not only to their babies, but also to themselves while they are pregnant.

Members self-enroll in the Maternity CARE program by calling our toll-free number or enrolling online at www.umr.com. They are then contacted by CARE nurses who have extensive clinical backgrounds in obstetrics/gynecology.

Plans may choose to utilize UMR's standard incentive, which is a prepaid reward card to each member who enrolls in the first or second trimester and actively participates in the Maternity CARE program.

Beyond the standard incentive for enrolling in Maternity CARE, you are also eligible to receive an incentive reward for your engagement and completion of the program. To become eligible, you must:

- Enroll during your first or second trimester;
- Remain engaged in the program during the entire pregnancy; and
- Complete the post-partum call and survey.

After completion of these requirements the eligible participant will receive a $300 gift card mailed to their home address.

Wellness CARE

Components of Wellness CARE are as follows:

Tobacco and Nicotine Coaching Program: The UMR Tobacco and Nicotine Coaching Program connects the participant with an experienced and certified personal CARE coach who assists in the development of a quit plan and establishment of specific reduction or cessation goals and strategies. In addition, the participant will receive printed educational materials.

UMR's Health Center

UMR's online Health Center is designed to help keep Covered Persons healthy by addressing lifestyle health issues and assisting in preventing chronic conditions such as diabetes and heart disease. It provides information and tools to help Covered Persons reach and maintain good health.

Health Center may include the following components:

- **Wellness Activity Center**, where participants go online to view specific employer wellness program information and access applications such as the health risk assessment, action plans, and reminder messages.

- **Message Center:** A secure message center that allows the participant to ask questions and receive answers via secure online messaging with a health expert.

- **Clinical Health Risk Assessment (CHRA):** A Covered Person may complete a CHRA and receive immediate results and personalized feedback on how to reduce specific health risks. Upon completion, the participant receives access to a printable CHRA Summary Report to share with his or her Physician.

- **Action Plans:** Action plans are interactive tools that educate and motivate participants to make gradual lifestyle changes that lead to sustainable improvements in health behavior. Action plans may be delivered as self-learning modules or may be assigned by CARE coaches to enhance programs.

- **Personal Health Record (PHR):** In the Personal Health Record participants can create, store, and manage health information all in one central location. The health records grow as participants' needs grow. Participants can also access the PHR online at any time or print a report for medical office visits and Emergency events.

Additional CARE Provisions

Real Appeal Program: This Plan provides the Real Appeal Program, which represents a practical solution for weight-related conditions, with the goal of helping individuals at risk from obesity-related diseases and those who want to maintain a healthy lifestyle. This program is designed to support Covered Persons over the age of 18. This intensive, multi-component behavioral intervention provides a 52-week virtual approach that includes one-on-one coaching and online group participation with supporting video content, delivered by a live, virtual coach. COORDINATION OF BENEFITS

Coordination of Benefits (COB) applies whenever a Covered Person has health coverage under more than one Plan, as defined below. The purpose of coordinating benefits is to help Covered Persons pay for Covered Expenses, but not to result in total benefits that are greater than the Covered Expenses Incurred.

(Applies to Classic Non-SmartCare, Classic SmartCare, Premier SmartCare) The order of benefit determination rules determine which plan will pay first (Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim, and will reduce the benefits it pays so that the total payment between the Primary Plan and Secondary Plan does not exceed the Covered Expenses Incurred. Up to 100% of charges Incurred may be paid between both plans.

(Applies to Health Savings Plan and Qualified High Deductible Health Plan) The order of benefit determination rules determine which plan will pay first (which is the Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim. The balance remaining after the Primary Plan's payment, not to exceed the Covered Person's responsibility, is the amount that will be used in determining the benefits payable under the Secondary Plan. The Deductible, Co-pays, or Plan Participation amounts, if any, will be applied before benefits are paid on the balance.

The Plan will coordinate benefits with the following types of medical or dental plans:

- Group health plans, whether insured or self-insured.
- Foreign health care coverage.
- Medical care components of group long-term care contracts such as skilled nursing care.
- Medical benefits under group or individual motor vehicle policies. See order of benefit determination rules (below) for details.
- Medical benefits under homeowner’s insurance policies.
- Medicare or other governmental benefits, as permitted by law. See below. This does not include Medicaid.
- This Plan does not, however, coordinate benefits with individual health or dental plans.

Each contract for coverage is considered a separate plan. If a plan has two parts and COB rules apply to only one of the two parts, each of the parts is treated as a separate plan. If a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be considered an allowable expense and a benefit paid.

When this Plan is secondary, and when not in conflict with a network contract requiring otherwise, covered charges shall not include any amount that is not payable under the primary plan as a result of a contract between the primary plan and a provider of service in which such provider agrees to accept a reduced payment and not to bill the Covered Person for the difference between the provider’s contracted amount and the provider’s regular billed charge.

ORDER OF BENEFIT DETERMINATION RULES

The first of the following rules that apply to a Covered Person’s situation is the rule to use:

- The plan that has no coordination of benefits provision is considered primary.

- When medical payments are available under motor vehicle insurance (including no-fault policies), this Plan shall always be considered secondary regardless of the individual’s election under PIP (Personal Injury Protection) coverage with the auto carrier.

- Where an individual is covered under one plan as a Dependent and another plan as an Employee, member or subscriber, the plan that covers the person as an Employee, member or subscriber (that is, other than as a Dependent) is considered primary. The Primary Plan must pay benefits without regard to the possibility that another plan may cover some expenses. This Plan will deem any Employee plan beneficiary to be eligible for primary benefits from their employer's benefit plan.

- The plan that covers a person as a Dependent is generally secondary. The plan that covers a person as a Dependent is primary only when both plans agree that COBRA or state continuation coverage should always pay secondary when the person who elected COBRA is covered by another plan as a Dependent (see continuation coverage below). (Also see the section on Medicare, below, for exceptions).

- If an individual is covered under a spouse's plan and also under their parent's plan, the Primary Plan is the plan that has covered the person for the longer period of time. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the plan of the parent or spouse whose birthday falls earlier in the calendar year is the Primary Plan. If the parents and/or spouse have the same birthday, the plan that has covered the parent or spouse for the longer period of time is the Primary Plan.

- If one or more plans cover the same person as a Dependent Child:

  - The Primary Plan is the plan of the parent whose birthday is earlier in the year if:

    - The parents are married; or
    - The parents are not separated (whether or not they have been married); or
    - A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage.
    - If both parents have the same birthday, the plan that covered either of the parents longer is primary.

  - If the specific terms of a court decree state that one of the parents is responsible for the Child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods or plan years starting after the plan is given notice of the court decree.

  - If the parents are not married and reside separately, or are divorced or legally separated, the order of benefits is:

    - The plan of the custodial parent;
    - The plan of the spouse of the custodial parent;
    - The plan of the non-custodial parent; and then
    - The plan of the spouse of the non-custodial parent.

- Active or Inactive Employee: If an individual is covered under one plan as an active employee (or Dependent of an active employee), and is also covered under another plan as a retired or laid off employee (or Dependent of a retired or laid off employee), the plan that covers the person as an active employee (or Dependent of an active employee) will be primary. This rule does not apply if the rule in paragraph 3 (above) can determine the order of benefits. If the other plan does not have this rule, this rule is ignored.

- Continuation coverage under COBRA or state law: If a person has elected continuation of coverage under COBRA or state law and also has coverage under another plan, the continuation coverage is secondary. This is true even if the person is enrolled in another plan as a Dependent. If the two plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if one of the first four bullets above applies. (See exception in the Medicare section.)

- Longer or Shorter Length of Coverage: The plan that covered the person as an employee, member, subscriber or retiree longer is primary.

- If an active employee is on leave due to active duty in the military in excess of 30 days, the plan that covers the person as an active employee, member, or subscriber is considered primary.

- If the above rules do not determine the Primary Plan, the Covered Expenses can be shared equally between the plans. This Plan will not pay more than it would have paid, had it been primary.

MEDICARE

Eligible disabled participants, eligible retirees and eligible Dependents of retirees Medicare-eligible will be provided enrollment opportunity in the University of Arkansas UnitedHealth Care Group Medicare Advantage (PPO) Plan and are not eligible to continue in the University of Arkansas Medical Benefit Plan. In accordance with Medicare regulations, participants who are Medicare-eligible but who are also End-Stage Renal Disease patients are eligible to continue in the University of Arkansas Medical Benefit Plan. The following section addresses the order of benefits for those participants.

(Applies to Classic Non-SmartCare, Classic SmartCare, Premier SmartCare) The order of benefit determination rules determine which plan will pay first (Primary Plan). The Primary Plan pays without regard to the possibility that another plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim, and will reduce the benefits it pays so that the total payment between the Primary Plan and Secondary Plan does not exceed the Covered Expenses Incurred. Up to 100% of charges Incurred may be paid between both plans.

(Applies to Health Savings Plan and Qualified High Deductible Health Plan) The order of benefit determination rules determine which plan will pay first (which is the Primary Plan). The Primary Plan pays without regard to the possibility that another Plan may cover some expenses. A Secondary Plan pays for Covered Expenses after the Primary Plan has processed the claim. The balance remaining after the Primary Plan's payment, not to exceed the Covered Person's responsibility, is the amount that will be used in determining the benefits payable under the Secondary Plan. The Deductible, Co-pays, or Plan Participation amounts, if any, will be applied before benefits are paid on the balance.

Physicians and other health care providers and facilities not participating in Medicare are not required to follow the Medicare fee schedules and may balance bill the Covered Person for services. In these cases, the Plan will still pay only that part it would have paid if the provider had been a Medicare provider. The Covered Person will be responsible for all remaining amounts.

ORDER OF BENEFIT DETERMINATION RULES FOR MEDICARE

This Plan complies with the Medicare Secondary Payer regulations. Examples of these regulations are as follows:

- This Plan generally pays first under the following circumstance:

  - For a Covered Person with End-Stage Renal Disease (ESRD), this Plan usually has primary responsibility for the claims of a Covered Person for 30 months from the date of Medicare eligibility based on ESRD. The 30-month period can also include COBRA continuation coverage or another source of coverage. At the end of the 30 months, Medicare becomes the primary payer.

- Medicare generally pays first under the following circumstance:

  - Upon completion of 30 months of Medicare eligibility for an individual with ESRD, Medicare becomes the primary payer. (Note that if a person with ESRD was eligible for Medicare based on age or other disability ***before*** being diagnosed with ESRD and Medicare was previously paying primary, then the person can continue to receive Medicare benefits on a primary basis).

Note: If a Covered Person is eligible for Medicare as the primary plan, all benefits from this Plan will be reduced by the amount Medicare would pay, regardless of whether the Covered Person is enrolled in Medicare.

TRICARE

If an eligible Employee is on active military duty, TRICARE is the only coverage available to that Employee. Benefits are not coordinated with the Employee's health insurance plan.

In all instances where an eligible Employee is also a TRICARE beneficiary, TRICARE will pay secondary to this employer-provided Plan.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. The Plan may obtain the information it needs from or provide such information to other organizations or persons for the purpose of applying those rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. The Plan need not tell, or obtain the consent of, any person to do this. However, if the Plan needs assistance in obtaining the necessary information, each person claiming benefits under this Plan must provide the Plan any information it needs to apply those rules and determine benefits payable.

REIMBURSEMENT TO THIRD PARTY ORGANIZATION

A payment made under another plan may include an amount which should have been paid under this Plan. If it does, the Plan may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Plan. The Plan will not have to pay that amount again.

RIGHT OF RECOVERY

If the amount of the payments made by the Plan is more than it should have paid under this COB provision, the Plan may recover the excess from one or more of the persons it paid or for whom the Plan has paid; or any other person or organization that may be responsible for the benefits or services provided for the Covered Person.

RIGHT OF SUBROGATION, REIMBURSEMENT AND OFFSET

The Plan has a right to subrogation and reimbursement. References to "You" or "Your" in this Right of Subrogation, Reimbursement, and Offset section include You, Your estate, Your heirs, Your representative(s), Your Dependents, and Your beneficiaries unless otherwise stated.

Subrogation applies when the Plan has paid benefits on Your behalf for an Illness or Injury for which any third party is allegedly responsible. The right to subrogation means that the Plan is substituted to and will succeed to any and all legal claims that You may be entitled to pursue against any third party for the benefits that the Plan has paid that are related to the Illness or Injury for which any third party is considered responsible.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for an Illness or Injury for which You are made whole by receiving a settlement, judgment, or other recovery from any third party, You must use those proceeds to fully return to the Plan 100% of any benefits You receive for that Illness or Injury. The right of reimbursement will apply to any benefits received at any time until the rights are extinguished, resolved, or waived in writing.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused You to suffer an Illness, Injury, or damages, or who is legally responsible for the Illness, Injury, or damages.

- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Illness, Injury, or damages.

- The Plan Sponsor in a Workers' Compensation case or other matter alleging liability.

- Any person or entity who is or may be obligated to provide benefits or payments to You, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners', or otherwise), Workers' Compensation coverage, other insurance carriers, or third party administrators.

- Any person or entity against whom You may have any claim for professional and/or legal malpractice arising out of or connected to an Illness or Injury You allege or could have alleged were the responsibility of any third party.

- Any person or entity that is liable for payment to You on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting the Plan's legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:

    - Notifying the Plan, in writing, of any potential legal claim(s) You may have against any third party for acts that caused benefits to be paid or become payable.
    - Providing any relevant information requested by the Plan.
    - Signing and/or delivering such documents as the Plan or our agents reasonably request to secure the subrogation and reimbursement claim.
    - Responding to requests for information about any accident or Injuries.
    - Making court appearances.
    - Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
    - Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate or deny future benefits, take legal action against You, and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to You or Your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against a third party before You receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts, or liens asserted by any medical providers, including, but not limited to, Hospitals or Emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.

- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to You, no matter how those proceeds are allocated, captioned, characterized, or classified, and regardless of the theory of recovery. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium, punitive, bad faith, and any other alleged damages. The Plan is not required to help You to pursue Your claim for damages or personal Injuries and no amount of associated costs, including attorneys' fees, will be deducted from our recovery without the Plan's express written consent. No so-called "fund doctrine" or "common-fund doctrine" or "attorney's fund doctrine" will defeat this right.

- Regardless of whether You have been fully compensated or made whole, the Plan may collect from You the proceeds of any full or partial recovery that You or Your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "made-whole doctrine" or "make-whole doctrine," claim of unjust enrichment, nor any other equitable limitation will limit our subrogation and reimbursement rights.

- Benefits paid by the Plan may also be considered to be benefits advanced.

- If You receive any payment from any party allegedly arising out of Illness or Injury and the Plan alleges some or all of those funds are due and owed to the Plan, You and/or Your representative will hold those funds in trust, either in a separate bank account in Your name or in Your representative's trust account.

- By participating in and accepting benefits from the Plan, You agree that:

  - Any amounts recovered by You from any third party constitute Plan assets (to the extent of the amount of Plan benefits provided on behalf of the Covered Person);
  - You and Your representative will be fiduciaries of the Plan with respect to such amounts; and
  - You will be liable for and agree to pay any costs and fees (including reasonable attorneys' fees) Incurred by the Plan to enforce its reimbursement rights.

- The Plan's rights to recovery will not be reduced due to Your own alleged negligence.

- Upon the Plan's request, You will assign to the Plan all rights of recovery against third parties, to the extent of the Covered Expenses the Plan has paid for the Illness or Injury.

- The Plan may, at its option, take necessary and appropriate action to preserve the Plan's rights under these provisions, including, but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative, or other third party; and filing suit in Your name or Your estate's name, which does not obligate the Plan in any way to pay You part of any recovery the Plan might obtain.

- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.

- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.

- In the case of Your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to Your estate, the personal representative of Your estate, and Your heirs or beneficiaries. In the case of Your death, the Plan's right of reimbursement and right of subrogation will apply if a claim can be brought on behalf of You or Your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.

- No allocation of damages, settlement funds, or any other recovery by You or any other person or party will be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.

- The provisions of this section apply to a Dependent Child who allegedly incurs an Illness or Injury caused by a third party and to the parents, guardian, or other representative of that Dependent Child. If a parent or guardian brings a claim for damages arising out of a minor's Illness or Injury, the terms of this subrogation and reimbursement clause will apply to that claim.

- If any third party causes or is alleged to have caused You to suffer an Illness or Injury while You are covered under this Plan, the provisions of this section continue to apply, even after You are no longer covered.

- In the event that You do not abide by the terms of the Plan pertaining to reimbursement, the Plan may terminate benefits to You, Your Dependents, or the subscriber; deny future benefits; take legal action against You; and/or set off from any future benefits the value of benefits the Plan has paid relating to any Illness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to Your failure to abide by the terms of the Plan. If the Plan incurs attorneys' fees and costs in order to collect from third party recoveries held by You or Your representative, the Plan has the right to recover those fees and costs from You. You will also be required to pay interest on any amounts You hold that should have been returned to the Plan.

- The Plan and all administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

- In the case of occupational Illness or Injury, the Plan's recovery rights will apply to all sums recovered, regardless of whether the Illness or Injury is deemed compensable under any Workers' Compensation or other coverage. Any award or compromise Workers' Compensation settlement, including any lump-sum settlement, will be deemed to include the Plan's interest and the Plan will be reimbursed in first priority from any such award or settlement.

72. **Self-Administered Services** or procedures, including self-administered or self-infused medications, that can be performed by the Covered Person without the presence of medical supervision. This exclusion does not apply to medications that, due to their characteristics (as determined by the claims administrator), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional in an Outpatient setting. This exclusion does not apply to hemophilia treatment centers contracted to dispense hemophilia factor medications directly to members for self-infusion. This includes care and prescription medications provided for self or for immediate family members.

73. **Services at no Charge or Cost:** Services which the Covered Person would not be obligated to pay in the absence of this Plan or which are available to the Covered Person at no cost, or which the Plan has no legal obligation to pay, except for care provided in a facility of the uniformed services as per Title 32 of the National Defense Code, or as required by law.

90. **Wigs, Toupees, Hairpieces, Hair Implants or Transplants or Hair Weaving,** or any similar item for replacement of hair regardless of the cause of hair loss unless covered elsewhere in this SPD.

91. **Workers' Compensation:** Health care services for which other coverage is required by federal, state, or local law to be bought or provided through other arrangements. This includes coverage required by workers' compensation or similar legislation.

The Plan does not limit a Covered Person's right to choose his or her own medical care. If a medical expense is not a covered benefit, or is subject to a limitation or exclusion, a Covered Person still has the right and privilege to receive such medical service or supply at the Covered Person's own personal expense.

CLAIMS AND APPEAL PROCEDURES

REASONABLE AND CONSISTENT CLAIMS PROCEDURES

The Plan's claims procedures are designed to ensure and verify that claim determinations are made in accordance with the Plan documents. The Plan provisions will be applied consistently with respect to similarly situated individuals.

Pre-Determination

A Pre-Determination is a determination of benefits by the Claims Administrator, on behalf of the Plan, prior to services being provided. Although not required by the Plan, a Covered Person or provider may voluntarily request a Pre-Determination. A Pre-Determination informs individuals whether, and under which circumstances, a procedure or service is generally a covered benefit under the Plan. Covered Persons or providers may wish to request a Pre-Determination before Incurring medical expenses. A Pre-Determination is not a claim and therefore cannot be appealed. A Pre-Determination that a procedure or service may be covered under the Plan does not guarantee the Plan will ultimately pay the claim. All Plan terms and conditions will still be applied when determining whether a claim is payable under the Plan.

TYPE OF CLAIMS AND DEFINITIONS

- **Pre-Service Claim needing prior authorization as required by the Plan and stated in this SPD.** This is a claim for a benefit where the Covered Person or provider, when applicable, is required to obtain approval from the Plan ***before*** obtaining the medical care such as in the case of prior authorization of health care items or service that the Plan requires. If a Covered Person or provider calls the Plan just to find out if a claim will be covered, that is not a Pre-Service Claim, unless the Plan and this SPD specifically require the person to call for prior authorization (See Pre-Determination above). Giving prior authorization does not guarantee that the Plan will ultimately pay the claim.

  Note that this Plan does not require prior authorization for urgent or Emergency care claims; however, Covered Persons may be required to notify the Plan following stabilization. Please refer to the UMR CARE section of this SPD for more details. A condition is considered to be an urgent or Emergency care situation if a sudden and serious condition occurs such that a Prudent Layperson could expect the patient's life would be jeopardized, the patient would suffer severe pain, or serious impairment of the patient's bodily functions would result unless immediate medical care is rendered. Examples of an urgent or Emergency care situation may include, but are not limited to: chest pain; hemorrhaging; syncope; fever equal to or greater than 103° F; presence of a foreign body in the throat, eye, or internal cavity; or a severe allergic reaction.

- **Post-Service Claim** means a claim that involves payment for the cost of health care that has already been provided.

- **Concurrent Care Claim** means that an ongoing course of treatment to be provided over a period of time or for a specified number of treatments has been approved by the Plan.

PERSONAL REPRESENTATIVE

Personal Representative means a person (or provider) who can contact the Plan on the Covered Person's behalf to help with claims, appeals or other benefit issues. A minor Dependent must have the signature of a parent or Legal Guardian in order to appoint a third party as a Personal Representative.

If a Covered Person chooses to use a Personal Representative, the Covered Person must submit proper documentation to the Plan stating the following: The name of the Personal Representative, the date and duration of the appointment and any other pertinent information. In addition, the Covered Person must agree to grant their Personal Representative access to their Protected Health Information. The Covered Person should contact the Claim Administrator to obtain the proper forms. All forms must be signed by the Covered Person in order to be considered official.

PROCEDURES FOR SUBMITTING CLAIMS

Most providers will accept assignment and coordinate payment directly with the Plan on the Covered Person's behalf. If the provider will not accept assignment or coordinate payment directly with the Plan, then the Covered Person will need to send the claim to the Plan within the timelines discussed below in order to receive reimbursement. The address for submitting medical claims is on the back of the group health identification card.

Covered Persons who receive services in a country other than the United States are responsible for ensuring the provider is paid. If the provider will not coordinate payment directly with the Plan, the Covered Person will need to pay the claim up front and then submit the claim to the Plan for reimbursement. The Plan will reimburse Covered Persons for any covered amount in U.S. currency. The reimbursed amount will be based on the U.S. equivalency rate that is in effect on the date the Covered Person paid the claim, or on the date of service if paid date is not known.

A complete claim must be submitted in writing and should include the following information:

- Covered Person/patient ID number, name, sex, date of birth, Social Security number, address, and relationship to Employee
- Authorized signature from the Covered Person
- Diagnosis
- Date of service
- Place of service
- Procedures, services or supplies (narrative description)
- Charges for each listed service
- Number of days or units
- Patient account number (if applicable)
- Total billed charges
- Provider billing name, address, telephone number
- Provider Taxpayer Identification Number (TIN)
- Signature of provider
- Billing provider
- Any information on other insurance (if applicable)
- Whether the patient's condition is related to employment, auto accident, or other accident (if applicable)
- Assignment of benefits (if applicable)

TIMELY FILING

Covered Persons are responsible for ensuring that complete claims are submitted to the Third Party Administrator as soon as possible after services are received, but no later than twelve months from the date of service. Where Medicare or Medicaid paid as primary in error, the Plan will follow that federal agencies guidelines. A complete claim means that the Plan has all information that is necessary to process the claim. Claims received after the timely filing period will not be allowed.

INCORRECTLY FILED CLAIMS (Applies to Pre-Service Claims only)

If a Covered Person or Personal Representative attempts to, but does not properly follow the Plan's procedures for requesting prior authorization, the Plan will notify the person to explain proper procedures within five calendar days following receipt of a Pre-Service claim request. The notice will usually be oral, unless written notice is requested by the Covered Person or Personal Representative.

HOW HEALTH BENEFITS ARE CALCULATED

When UMR receives a claim for services that have been provided to a Covered Person, it will determine if the service is a covered benefit under this group health Plan. If it is not a covered benefit, the claim will be denied and the Covered Person will be responsible for paying the provider for these costs. If it is a covered benefit, UMR will establish the allowable payment amount for that service, in accordance with the provisions of this SPD.

Claims for covered benefits are paid according to the billed charges, a Negotiated Rate, the Protection from Balance Billing allowed amount, or based on the Usual and Customary amounts, minus any Deductible, Plan Participation rate, Co-pay, or penalties that the Covered Person is responsible for paying. Refer to the Protection from Balance Billing section of this SPD for covered benefits that are payable in accordance with the Protection from Balance Billing allowed amount.

Fee Schedule: Generally, providers are paid the lesser of the billed amount or the maximum fee schedule for the particular covered service, minus any Deductible, Plan Participation rate, Co-pay or penalties that the Covered Person is responsible for paying. Where a network contract is in place, the network contract determines the Plan's allowable charge used in the calculation of the payable benefit.

Negotiated Rate: On occasion, UMR will negotiate a payment rate with a provider for a particular covered service such as transplant services, Durable Medical Equipment, Extended Care Facility treatment or other services. The Negotiated Rate is what the Plan will pay to the provider, minus any Co-pay, Deductible, Plan Participation rate or penalties that the Covered Person is responsible for paying. Where a network contract is in place, the network contract determines the Plan's Negotiated Rate.

Reimbursement for covered services received from providers, including Physicians or health care facilities, who are not part of Your network are determined based on one of the following:

- Fee(s) that are negotiated with the Physician or facility; or
- The amount that is usually accepted by health care providers in the same geographical area (or greater area, if necessary) for the same services, treatment, or materials; or
- Current publicly available data reflecting the costs for health care providers providing the same or similar services, treatment, or materials adjusted for geographical differences plus a margin factor.

When covered health services are received from a non-network provider as a result of an Emergency or as arranged by Your Plan Administrator, eligible expenses are amounts negotiated by Your claims administrator or amounts permitted by law. Refer to the Protection from Balance Billing section of this SPD for more information. Please contact Your Plan Administrator if You are billed for amounts in excess of Your applicable Plan Participation, Co-pays, or Deductibles. The Plan will not pay excessive charges or amounts You are not legally obligated to pay.

NOTIFICATION OF BENEFIT DETERMINATION

If a claim is submitted by a Covered Person or a provider on behalf of a Covered Person and the Plan does not completely cover the charges, the Covered Person will receive an Explanation of Benefits (EOB) form that will explain how much the Plan paid toward the claim, and how much of the claim is the Covered Person's responsibility due to cost-sharing obligations, non-covered benefits, penalties or other Plan provisions. Please check the information on each EOB form to make sure the services charged were actually received from the provider and that the information appears correct. For any questions or concerns about the EOB form, call the Plan at the number listed on the EOB or on the back of the group health identification card. The provider will receive a similar form on each claim that is submitted.

TIMELINES FOR INITIAL BENEFIT DETERMINATION

UMR will process claims within the following timelines, although the Covered Person may voluntarily extend these timelines:

- Pre-Service Claim: A decision will be made within 15 calendar days following receipt of a claim request, but the Plan can have an extra 15-day extension, when necessary for reasons beyond the control of the Plan, if written notice is given to the Covered Person within the original 15-day period.
- Post-Service Claims: Claims will be processed within 30 calendar days, but the Plan can have an additional 15-day extension, when necessary for reasons beyond the control of the Plan, if written notice is provided to the Covered Person within the original 30-day period.
- Concurrent Care Claims: If the Plan is reducing or terminating benefits before the end of the previously approved course of treatment, the Plan will notify the Covered Person prior to the coverage for the treatment ending or being reduced.
- Emergency and/or Urgent Care Claim: The Plan will notify a Covered Person or provider of a benefit determination (whether adverse or not) with respect to a claim involving Emergency or Urgent Care as soon as possible, taking into account the Medical Necessity, but not later than 72 hours after the receipt of the claim by the Plan.

A claim is considered to be filed when the claim for benefits has been submitted to UMR for formal consideration under the terms of this Plan.

CIRCUMSTANCES CAUSING LOSS OR DENIAL OF PLAN BENEFITS

Claims can be denied for any of the following reasons:

- Termination of Your employment.
- Covered Person is no longer eligible for coverage under the health Plan.
- Charges Incurred prior to the Covered Person's Effective Date or following termination of coverage.
- Covered Person reached the Maximum Benefit under this Plan.
- Amendment of group health Plan.
- Termination of the group health Plan.
- Employee, Dependent or provider did not respond to a request for additional information needed to process the claim or appeal.
- Application of Coordination of Benefits.
- Enforcement of subrogation.
- Services are not a covered benefit under this Plan.
- Services are not considered Medically Necessary.
- Failure to comply with prior authorization requirements before receiving services.
- Misuse of the Plan identification card or other fraud.
- Failure to pay premiums if required.
- Employee or Dependent is responsible for charges due to Deductible, Plan Participation obligations or penalties.
- Application of the Protection from Balance Billing allowed amount, the Usual and Customary fee limits, the fee schedule, or Negotiated Rates.
- Incomplete or inaccurate claim submission.
- Application of utilization review.
- Experimental or Investigational procedure.
- Other reasons as stated elsewhere in this SPD.

ADVERSE BENEFIT DETERMINATION (DENIED CLAIMS)

Adverse Benefit Determination means a denial, reduction, or termination of a benefit, or a failure to provide or make payment, in whole or in part, for a benefit. It also includes any such denial, reduction, termination, rescission of coverage (whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at that time), or failure to provide or make payment that is based on a determination that the Covered Person is no longer eligible to participate in the Plan.

If a claim is being denied in whole or in part, and the Covered Person will owe any amount to the provider, the Covered Person will receive an initial claim denial notice, usually referred to as an Explanation of Benefits (EOB) form, within the timelines described above. The EOB form will:

- Explain the specific reasons for the denial.
- Provide a specific reference to pertinent Plan provisions on which the denial was based.
- Provide a description of any material or information that is necessary for the Covered Person to perfect the claim, along with an explanation of why such material or information is necessary, if applicable.
- Provide appropriate information as to the steps the Covered Person can take to submit the claim for appeal (review).
- If an internal rule or guideline was relied upon, or if the denial was based on Medical Necessity or Experimental treatment, the Plan will notify the Covered Person of that fact. The Covered Person has the right to request a copy of the rule/guideline or clinical criteria that was relied upon, and such information will be provided free of charge.

APPEALS PROCEDURE FOR ADVERSE BENEFIT DETERMINATIONS

If a Covered Person disagrees with the denial of a claim or a rescission of coverage determination, the Covered Person or his/her Personal Representative can request that the Plan review its initial determination by submitting a written request to the Plan as described below. An appeal filed by a provider on the Covered Person's behalf is not considered an appeal under the Plan unless the provider is a Personal Representative.

First Level of Appeal: This is a **mandatory** appeal level. The Covered Person must exhaust the following internal procedures before any outside action is taken.

- Covered Persons must file the appeal within 180 days of the date they received the EOB form from the Plan showing that the claim was denied. The Plan will assume that Covered Persons received the EOB form seven days after the Plan mailed the EOB form.
- Covered Persons or their Personal Representative will be allowed reasonable access to review or copy pertinent documents, at no charge.
- Covered Persons may submit written comments, documents, records and other information relating to the claim to explain why they believe the denial should be overturned. This information should be submitted at the same time the written request for a review is submitted.
- Covered Persons have the right to submit evidence that their claim is due to the existence of a physical or mental medical condition or domestic violence, under applicable federal nondiscrimination rules.
- The review will take into account all comments, documents, records and other information submitted that relates to the claim. This would include comments, documents, records and other information that either were not submitted previously or were not considered in the initial benefit decision. The review will be conducted by individuals who were not involved in the original denial decision and are not under the supervision of the person who originally denied the claim.
- If the benefit denial was based in whole or in part on a medical judgment, the Plan will consult with a health care professional with training and experience in the relevant medical field. This health care professional may not have been involved in the original denial decision, nor be supervised by the health care professional who was involved. If the Plan has obtained medical or vocational experts in connection with the claim, they will be identified upon the Covered Person's request, regardless of whether the Plan relies on their advice in making any benefit determinations.
- After the claim has been reviewed, the Covered Person will receive written notification letting him or her know if the claim is being approved or denied. In the event of new or additional evidence, or any new rationale relied upon during the appeal process in connection with a claim that is being appealed, the Plan will automatically provide the relevant information to the Covered Person. The notification will provide the Covered Person with the information outlined under the "Adverse Benefit Determination" section above.

Second Level of Appeal: This is a **voluntary** appeal level. The Covered Person is not required to follow this internal procedure before taking outside legal action.

- A Covered Persons who is not satisfied with the decision following the first appeal has the right to appeal the denial a second time.
- The Covered Person or his or her Personal Representative must submit a written request for a second review within 60 calendar days following the date he or she received the Plan's decision regarding the first appeal. The Plan will assume that the Covered Person received the determination letter regarding the first appeal seven days after the Plan sent the determination letter.
- The Covered Person may submit written comments, documents, records and other pertinent information to explain why he or she believes the denial should be overturned. This information should be submitted at the same time the written request for a second review is submitted.
- The Covered Person has the right to submit evidence that his or her claim is due to the existence of a physical or mental medical condition or domestic violence, under applicable federal nondiscrimination rules.
- The second review will take into account all comments, documents, records and other information submitted that relates to the claim that either were not submitted previously or were not considered in the initial benefit decision. The review will be conducted by individuals who were not involved in the original denial decision or the first appeal, and are not under the supervision of those individuals.
- If the benefit denial was based in whole or in part on a medical judgment, the Plan will consult with a health care professional with training and experience in the relevant medical field. This health care professional may not have been involved in the original denial decision or first appeal, and may not be supervised by the health care professional who was involved. If the Plan has consulted with medical or vocational experts in connection with the claim, these experts will be identified upon the Covered Person's request, regardless of whether the Plan relies on their advice in making any benefit determinations.
- After the claim has been reviewed, the Covered Person will receive written notification letting him or her know if the claim is being approved or denied. In the event of new or additional evidence, or any new rationale relied upon during the appeal process in connection with a claim that is being appealed, the Plan will automatically provide the relevant information to You. The notification will provide the Covered Person with the information outlined under the "Adverse Benefit Determination" section above.

Regarding the above voluntary appeal level, the Plan agrees that any statutory limitations that are applicable to pursuing the claim in court will be put on hold during the period of this voluntary appeal process. The voluntary appeal process is available only after the Covered Person has followed the mandatory appeal level as required above. This Plan also agrees that it will not charge the Covered Person a fee for going through the voluntary appeal process, and it will not assert a failure to exhaust administrative remedies if a Covered Person elects to pursue a claim in court before following this voluntary appeal process. A Covered Person's decision about whether to submit a benefit dispute through this voluntary appeal level will have no effect on his or her rights to any other benefits under the Plan. If You have any questions regarding the voluntary level of appeal including applicable rules, a Covered Person's right to representation (i.e., to appoint a Personal Representative) or other details, please contact the Plan.

Appeals should be sent within the prescribed time period as stated above to the following address(es):

TIME PERIODS FOR MAKING DECISION ON APPEALS

After reviewing a claim that has been appealed, the Plan will notify the Covered Person of its decision within the following timeframes, although Covered Persons may voluntarily extend these timelines. In addition, if any new or additional evidence is relied upon or generated during the determination of the appeal, the Plan will provide it to You free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination. If such evidence is received at a point in the process where we are unable to provide You with a reasonable opportunity to respond prior to the end of the period stated below, the time period will be tolled to allow You a reasonable opportunity to respond to the new or additional evidence.

The timelines below will only apply to the mandatory appeal level. The voluntary appeal level will not be subject to specific timelines.

- Pre-Service Claim: Within a reasonable period of time appropriate to the medical circumstances but no later than 30 calendar days after the Plan receives the request for review.
- Post-Service Claim: Within a reasonable period of time but no later than 60 calendar days after the Plan receives the request for review.
- Concurrent Care Claims: Before treatment ends or is reduced.

RIGHT TO EXTERNAL REVIEW

If, after exhausting Your internal appeals, You are not satisfied with the final determination, You may choose to participate in the external review program. This program only applies if the Adverse Benefit Determination involves:

- Clinical reasons;
- The exclusions for Experimental, Investigational, or Unproven services;
- Determinations related to Your entitlement to a reasonable alternative standard for a reward under a wellness program;
- Determinations related to whether the Plan has complied with non-quantitative treatment limitation provisions of Code 9812 or 54.9812 (Parity in Mental Health and Substance Use Disorder Benefits);
- Determinations related to the Plan's compliance with the following surprise billing and cost-sharing protections set forth in the No Surprises Act:
  - Whether a claim is for Emergency treatment that involves medical judgment or consideration of compliance with the cost-sharing and surprise billing protections;
  - Whether a claim for items and services was furnished by a non-network provider at a network facility;
  - Whether an individual gave informed consent to waive the protections under the No Surprises Act;
  - Whether a claim for items and services is coded correctly and is consistent with the treatment actually received;
  - Whether cost-sharing was appropriately calculated for claims for Ancillary Services provided by a non-network provider at a network facility; or
- Other requirements of applicable law.

This external review program offers an independent review process to review medical or pharmacy denials of a requested service or procedure (other than a predetermination of benefits) or the denial of payment for a service or procedure. The process is available at no charge to You after exhausting the appeals process identified above and You receive a decision that is unfavorable, or if UMR or Your employer fail to respond to Your appeal within the timelines stated above.

You may request an independent review of the Adverse Benefit Determination. Neither You nor UMR or Your employer will have an opportunity to meet with the reviewer or otherwise participate in the reviewer's decision. If You wish to pursue an external review, please send a written request to the following address:

Your written request should include: (1) Your specific request for an external review; (2) the Employee's name, address, and member ID number; (3) Your designated representative's name and address, when applicable; (4) the service that was denied; and (5) any new, relevant information that was not provided during the internal appeal. You will be provided more information about the external review process at the time we receive Your request.

Any requests for an independent review must be made within four (4) months of the date You receive the Adverse Benefit Determination. You, or an authorized designated representative may request an independent review by contacting the toll-free number on Your ID card or by sending a written request to the address on Your ID card.

The independent review will be performed by an independent Physician, or by a Physician who is qualified to decide whether the requested service or procedure is a qualified medical care expense under the Plan. The Independent Review Organization (IRO) has been contracted by UMR and has no material affiliation or interest with UMR or Your employer. UMR will choose the IRO based on a rotating list of approved IROs.

In certain cases, the independent review may be performed by a panel of Physicians, as deemed appropriate by the IRO.

Within applicable timeframes of UMR's receipt of a request for independent review, the request will be forwarded to the IRO, together with:

- all relevant medical records;
- all other documents relied upon by UMR and/or Your employer in making a decision on the case; and
- all other information or evidence that You or Your Physician has already submitted to UMR or Your employer.

If there is any information or evidence You or Your Physician wish to submit in support of the request that was not previously provided, You may include this information with the request for an independent review, and UMR will include it with the documents forwarded to the IRO. A decision will be made within applicable timeframes. If the reviewer needs additional information to make a decision, this time period may be extended. The independent review process will be expedited if You meet the criteria for an expedited external review as defined by applicable law.

The reviewer's decision will be in writing and will include the clinical basis for the determination. The IRO will provide You and UMR and/or Your employer with the reviewer's decision, a description of the qualifications of the reviewer and any other information deemed appropriate by the organization and/or as required by applicable law.

If the final independent decision is to approve payment or referral, the Plan will accept the decision and provide benefits for such service or procedure in accordance with the terms and conditions of the Plan. If the final independent review decision is that payment or referral will not be made, the Plan will not be obligated to provide benefits for the service or procedure.

You may contact the Claims Administrator at the toll-free number on Your ID card for more information regarding Your external appeal rights and the independent review process.

PHYSICAL EXAMINATION AND AUTOPSY

The Plan may require that a Covered Person have a physical examination, at the Plan's expense, as often as is necessary to settle a claim. In the case of death, the Plan may require an autopsy unless forbidden by law.

RIGHT TO REQUEST OVERPAYMENTS

The Plan reserves the right to recover any payments made by the Plan that were:

- Made in error; or
- Made after the date the person should have been terminated under this Plan; or
- Made to any Covered Person or any party on a Covered Person's behalf where the Plan Sponsor determines the payment to the Covered Person or any party is greater than the amount payable under this Plan.

The Plan has the right to recover against Covered Persons if the Plan has paid them or any other party on their behalf.

FRAUD

Fraud is a crime that can be prosecuted. Any Covered Person who willfully and knowingly engages in an activity intended to defraud the Plan is guilty of fraud. The Plan will utilize all means necessary to support fraud detection and investigation. It is a crime for a Covered Person to file a claim containing any false, incomplete or misleading information with intent to injure, defraud or deceive the Plan. In addition, it is a fraudulent act when a Covered Person willfully and knowingly fails to notify the Plan regarding an event that affects eligibility for a Covered Person. Notification requirements are outlined in this SPD and other Plan materials. Please read them carefully and refer to all Plan materials that You receive (i.e., COBRA notices). A few examples of events that require Plan notification would be divorce, Dependent aging out of the Plan, and enrollment in other group health coverage while on COBRA (please note that the examples listed are not all inclusive).

These actions will result in denial of the Covered Person's claim or termination from the Plan, and are subject to prosecution and punishment to the full extent under state and/or federal law.

Covered Persons must:

- File accurate claims. If someone else - such as Your spouse or another family member - files claims on the Covered Person's behalf, the Covered Person should review the form before signing it;
- Review the Explanation of Benefits (EOB) form. Make certain that benefits have been paid correctly based on Your knowledge of the expenses Incurred and the services rendered;
- Never allow another person to seek medical treatment under Your identity. If Your Plan identification card is lost, report the loss to the Plan immediately; and
- Provide complete and accurate information on claim forms and any other forms. Answer all questions to the best of Your knowledge.
- Notify the Plan when an event such as divorce or dependent reaches age 26 occurs that affects a Covered Person's eligibility.

To maintain the integrity of this Plan, Covered Persons are encouraged to notify the Plan whenever a provider:

- Bills for services or treatment that have never been received; or
- Asks a Covered Person to sign a blank claim form; or
- Asks a Covered Person to undergo tests that the Covered Person feels are not needed.

Covered Persons concerned about any of the charges that appear on a bill or EOB form, or who know of or suspect any illegal activity, should call the toll-free hotline 1-800-356-5803. All calls are strictly confidential.

OTHER FEDERAL PROVISIONS

FAMILY AND MEDICAL LEAVE ACT (FMLA)

If an Employee is on a family or medical leave of absence that meets the eligibility requirements under FMLA, Your employer will continue coverage under this Plan in accordance with state and federal FMLA regulations, provided that the following conditions are met:

- Contribution is paid; and
- The Employee has written approved leave from the employer.

Coverage will be continued for up to the greater of:

- The leave period required by the federal Family and Medical Leave Act of 1993 and any amendment; or
- The leave period required by applicable state law.

An Employee may choose not to retain group health coverage during an FMLA leave. When the Employee returns to work following the FMLA leave, the Employee's coverage will be restored to the level the Employee would have had if the FMLA leave had not been taken. For more information, please contact Your Human Resources or Personnel office.

QUALIFIED MEDICAL CHILD SUPPORT ORDERS PROVISION

A Dependent Child will become covered as of the date specified in a judgment, decree or order issued by a court of competent jurisdiction or through a state administrative process.

The order must clearly identify all of the following:

- The name and last known mailing address of the participant;
- The name and last known mailing address of each alternate recipient (or official state or political designee for the alternate recipient);
- A reasonable description of the type of coverage to be provided to the Child or the manner in which such coverage is to be determined; and
- The period to which the order applies.

NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or the newborn Child to less than 48 hours following a vaginal delivery, or less than 96 hours following a Cesarean section. However, the plan or issuer may pay for a shorter stay if the attending Physician (e.g., Your Physician, nurse, or midwife, or a physician assistant) after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and insurers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce Your out-of-pocket costs, You may be required to obtain precertification. For information on precertification, contact Your plan administrator.

This group health Plan also complies with the provisions of the:

- Mental Health Parity Act.
- The Americans with Disabilities Act, as amended.
- Women's Health and Cancer Rights Act of 1998 regarding breast reconstruction following a mastectomy.
- Pediatric Vaccines regulation, whereby an employer will not reduce its coverage for pediatric vaccines below the coverage it provided as of May 1, 1993.
- Medicare Secondary Payer regulations, as amended.
- TRICARE Prohibition Against Incentives and Nondiscrimination Requirements amendments.
- The Genetic Information Non-discrimination Act (GINA).
- 1557 Non Discrimination.
