

BA Theatre

Student Learning Outcomes

- *Critically evaluate, orally and in writing, the elements of production and performance as conceived by the various artists and executed by actors, technicians, and production personnel.
- *Apply skills and techniques in working with the materials of technical theatre including those involved in the creation of sets, costume, makeup, lights and sound
- *Analyze the nature and function of theatrical performance
- *Attend a live performance and write a critique of the experience using terminology appropriate to the course
- *Identify and explain terminology related to theatre arts
- *Analyze and critique the social significance and cultural resonances of theatrical endeavors as reflected in theatre history and dramatic literature
